

"Creation & Destruction"

Yeah Haha

[Spanish:] Se ha cabado la mierda [English: "The Bullshit has finished."]

Bout to drop a def' cut

Yo, yo, yo, huh

Immortal Technique, disintegrates mic's when I spit
I cause more casualties than sunken slave ships
Full to capacity, I bring tragedy to rap without my man Kadafi
The government took Nazi scientists from Germany
To design nuclear rockets and ways of observin' me
'Cause their pathetic attempts, didn't work to murder me
When this country was conceived, these bastards never heard of me
But now I hold the souls of slave masters eternally
Bleeding internally, burnin' D, durin' surgery, verbally
'Cause I'm a spiritual witch
Devils are incompatible

I've been around since the planet was inhabitable
I spit in the ocean and created microscopic animals
Which involved into two species, the righteous and the cannibals
But until then, I had alien women suck me off
When God said "Let there be light", I turned it the fuck off
And that's the reason that the earth is only 5 billion years old
I made the sun shine, and permitted time to unfold
The surface was lava, but when I stepped down, it became cold
Fuck what you've been told

My spiritual form became a swarm of molecule sickness
Manifested liquid trapped inside a mountainous region
Until the skies starting raining, continuous seasons
Immortal Technique, at long last, reincarnated
Undebatable reinstated to leave you decapitated

Je suis fous, but my crazy words make sense ["Je suis fous" means "I am mad" in French]

I'll split every pound of your body into six pence
I'm sick of simple similes about The Sixth Sense
I'll leave your body drenched in the blood of all your ancestors
You'll never be at peace, like the souls of child molestors
I'll cut you and bless your festering wounds with alcohol
Drown you in a clogged toilet, in a public bathroom stall
I'll rip you down, take a chunk of you home like the Berlin Wall
This is the final call, for all the rappers that wanna brawl
Immortal Technique, the wrong motherfucker to diss
'Cause I allow God to let you motherfuckers exist

Hahahahaha yeah, real oh
We about to crash somethin' now, yo
Yo, yo, yo
I'm the stronghold on your neck that doesn't let you breathe

Stronger than the fake image of God in which you believe
More dangerous than your ignorant ass could ever perceive
A European virus, mutated in Africa, overseas
Transported by mosquitoes and fleas to where you live
So lock yourself in your house with your wife and your kids
You're such a bitch, somebody probably made you out of a rib
My arrest record just scratches the surface of what I did
My bid locked me up and brought my life to an end
I was forgotten, abandoned by my bitches and friends
You don't want beef with people like me so don't pretend
I'll resurrect your aborted baby and kill it again
You get no props in hip-hop like feminine men
I'm iller than any plague God gave Moses to send
You wanna make amends, 'cause I'm the reason that the earth shakes
Burying your fam like Central American earthquakes

Immortal Technique Harlem to Canada Lyrically damage ya

[Spanish:] Te dije que se ha cabado la mierda [English: "I told you the bullshit would end."]

"Dominant Species"

[Intro]

Yo, in a hundred years form now
Everyone who's living on this planet will be dead
So it's inconsequential really
All the shit that you talk
All the bullshit that you stand for
It's more important what, what your ready to build
What you're ready to pass down to your children
What you're ready to create
You better fucking remember that
When you challenge a mother fucker like me
Remember, I'm the dominant species

[Verse 1]

I'm stuck inside the future and life is chaotic The government is psychotically racist and robotic The matrix of entrapment is socio-economic Erotic conspiracy theory becomes reality Life is war, and every day's a battle to me I'm on the brink of insanity, between extreme intelligence and split personalities But I elevate to the point of reversing gravity Revolutionary conceptuality spitting out of me Even the dead people in my family tell me they proud of me Stupidity's not allowed by me Cause I don't got time to play I'm the black whole lyricist that'll take your shine away Darkness at any time of day I'm the Technique and your nobody so what you trying to say Stellar density becomes your physical alignment 1.8 billion tons per square inch confinement

[Chorus]

Yo, yo, yo, I drop knowledge so heavy it leaves the world unbalanced Exterminate the spiritual force of all that challenge I'm the lyrical apocalypse that crumbles the granite Replacing you as the dominant species on the planet

[Verse 2]

Yo, yo, lyrically I'm infinite like possibilities
But you don't have the capability like infertility
Cause opening your mouth to question my validity
Is like trying to contradict the theory of relativity
When I spit is the epitome of heavy artillery
My enemies are obsessed with me like the bitch in Misery
But break out like father running form responsibility
Every time I step and abuse the mic with versatility
I balance humility, with brutal instinct

I'll make your whole cypher look like those crackers from N'Sync
And I don't care about your link, or your luxury car
I shed light with more magnitude than all of the stars
La Brea tar pit thick
So don't ever talk shit
And remember something nigga, while you rave and rant
A roach can live for nine days without its head but you can't

[Chorus]

[Verse 3]

I'm explicit like video tapes of conjugal visits

Some niggas are too stupid to understand it like astrophysics

Technique is exquisite

I'll make your thoughts a victory

Get pessimistic with the quickness

If you think that I will just become another statistic with anything but success

When I bless the mic as I spit this

Specifically prolific with Kaposi's Sarcoma-type! sickness

My style is like a ten year old child with a slit wrist, too much reality

For the fucking hit list

I got a Black Panther mentality with a spick fist

So you can get dissed

Even if you're locally gold, vocally bold, or globally

Multi-platinum sold

I'm emotionally cold, disciplined, and ready to kill
Like spirits in the same room with you, I'm giving you chills
I drop knowledge while these mother fuckers clumsily spill
And I drop it so heavy, it leaves the world unbalanced
Exterminate the spiritual force of all that challenge
I'm the lyrically apocalypse that crumbles the granite
Replacing you as the dominant species on the planet

"Positive Balance" (feat. Big Zoo)

[Intro]
Big Zoo, uh
Technique, uh
Positive balances, uh, uh

[Verse 1 - Big Zoo] Pound for pound I'm the most positive when I bust mine The Zoo adds on like a plus sign Addition, that's the key in the ignition With no pause, I propel to pole position (Vroom!) Ahead of the pack, light years ahead of the wack I give a fiend a Good Book, instead of the crack That's the gold mine, negativity can't hold mine The black bear's headed for the gold mine (look out, look out) And then I'm positive as Showtime I make negative MC's switch styles in no time They change teams, rhyme about kings and queens Instead of how they sellin' work to fiends Then I, switch thugs into soldiers Those that have given up on God to praise J Hova (Damn!) The rap Ice Age is over And positivity protects the Z boulder boulder

[Chorus - Immortal Technique w/ Big Zoo ad-libs]
Yeah, you know how it goes, positivity, yeah
My opinion is solid ground but your a common hater
Splitting and dividing on numbers like a denominator
Third-eye navigator movements are necessary
Everything you see in videos is secondary
You need positivity like you need respect in jail
Because without balance you'll be making negative record sales
Neg-neg-negative record sales, ziga-zam, Technique, like this

[Verse 2 - Immortal Technique]

I jerk off inside books and give life to words

Leaving concepts stuck together you probably never heard (what?)

I love when people think I'm psychologically disturbed

Cause it means I overloaded their neurological nerves

Rappers try to serve me with disgusting incompetence

But I keep it positive with ultimate dominance

Meditating with Native Americans close to Providence

I speak to the spirits of ancestors at pow-wows

But rumor has it that you getting raped like Lil' Bow Wow

Now listen industry motherfuckers, don't get offended

Remember, that I'll bring an end to your pretender agenda

And render contenders dismembered, bend the fabric of time (what? what?)

And put your soul in a blender

You living a lie like thinking Jesus was born in December

Instead of catering to labels, something gotta give

I'll rip the electrons out your body and make you positive

I seen a lot of kids come and go with marketing gimmicks

Because without balance, you don't last more than a minute

This ain't a game, I'll beat the shit out you at the line of scrimmage

I rock shows in the ghetto, nigga you stuck in the village

I wanted to spit on the radio since I was eleven

But I can't afford the pay-ola for Hot 97's

So I make paper underground, and I'm soon to blow

Moving tapes like Biggie's ghost at Bad Boy studios

[Biggie - Hypnotize sample]

[Chorus]

"The Getaway"

[Immortal Technique]
Yo yo, son give me that newspaper

[Friend]
Yeah aight, here you go

[Immortal Technique]
Man, I hate this one yo. You know the Post is always on some bias racist bullshit, man. Word I mean on the daily news

[Friend]
[Laughs] word, I feel you

[Immortal Technique]
They ridiculous man, times are better but they still on some bullshit

[Friend]
[Laughs] I know that man. (Hiss)

[Immortal Technique]
Another nigga killed by these fucking cops, yo!

[Friend]
What? Word? Psh

[Immortal Technique]

See that's why I gotta get the fuck outta here man, I need some peace I need something like that or I'ma just start blasting! These fucking pigs man

[Friend]
I feel you, son [laughs]

[Immortal Technique]
For real, yo

[Friend]

Yo son, fuck it then. Let's do something man, let's see some mamis out there

[Immortal Technique]
You know what? Matter fact pack the bags

[Friend] Aight then

[Immortal Technique]
Start the fucking whip up, I'm outta here yo for real
Yo, I hate my job so I always look to a better day

Far from New York City on a tropical getaway
But not in Miami cause these white Cuban Anti-Castros can't stand me
And that's the reason I'll never win a fixed up Latin Grammy
After this racist Latinos'll goddamn me
But my Black people love me
And when I go to South America people'll be tryna hug me
Cause I talk about reality that effects them
And even though I blew up I could never neglect them
What kind of a revolutionary action would that be
I be categorizing practically every other MC
But never that cause I'm clever with facts
Sever your raps

Fake players and thugs
Will forever be whack
I'm still rolling with my squadron
Heavily strapped

And even if I get killed I'll enviably be back
Encyclopedia Hispanic are over digital dat
Don't ever compare me with small minded criminal cats
I kill kids on tracks like Dale Onhart
Spit in your face and leave your cheekbone with a burn mark

I was born a genius but I learned to be street smart

My vacation just started

I'm out to the Caribbean swimming in Dominican women the color of cinnamon

You motherfuckers wish you had the lifestyle I'm living in [Laughs] Yo, yo

[Repeat 2x]

East coast to West coast and everything in between
This is dedicated to everybody chasing they dreams
This ghetto fabulous life really ain't what it seems
But I'ma make it cause I got survival stuck in my genes

[Immortal Technique talking]

Word up (word), Immoral Technique representing Harlem all the way to my fam in Englewood. I'm out motherfucker [Laughs] The ghetto way nigga

I spit venomous thing with Poison Pen
Destroy the sun and in eight minutes you'll never see day again
Pray for your friends but me and God'll just laugh at you
Tell you to shut the fuck up, and rain acid on you
Break down your molecules and spiritually damage you
Haven't you got the picture yet?

Motherfuckers like you are easy to disrespect, cause you're only a thug
When you on the internet you can't compare your dialect to Tech'
Because you lack the chromos'

"Beef And Broccoli"

Look, let me make something abundantly clear for people that are so bereft of activities they feel like they gotta comment on every one of mine First of all, being a vegetarian should never be associated with being a revolutionary or being open minded, that's a dietary choice If someone wants to proliferate the type of ignorance we're supposed to be fighting by thinking that, you're just fucking yourself I don't go around promoting beef and poultry shoving it in peoples faces I don't castigate people for not eating steak sandwiches And I would never diss someone for being a fucking broccoli head or living off radishes or eating grass with tofu I like a lot of vegan cuisine but the illogicality of expecting everyone to adopt your particular idea of what being healthy is, is just preposterous I've seen some of you herbivores, and if you wanna argue health v'all need to eat some kind of supplement because some of y'all are so skinny that it's disgusting Lookin like the only hip hop motherfuckas on Schindler's list Being a malnutrition ass got nothing to do with being revolutionary or being on point I'll be damned if I let somebody else push their agenda on me You know, I don't eat pork, not cause I'm a Muslim I just don't really like it, but I really will fuck a bird up And fish is good when that shit is fresh It's like my nigga Vast Aire from Can' Ox said If you don't like the smell of burning meat, then get the fuck off the planet You know, I don't criticize people for eating moss And don't open your fuckin mouth about my food man I like beef and broccoli motherfucka, mind your God damn business Matter of fact, you know what? I'm out I feel like a some aronco pollo, a banana daiquiri and a motherfuckin bistelpanado

"No Me Importa"

Look I ain't never been afraid to tell how I really feel
Nunca, I think everybody should know that
Yo creo que todos debemos de saber eso
Fuckin' ought to know, yo
I gotta tell these chicks a lot of times, mira
Tu estas actuando en una manera muy mala
Bien mala y no me importa ya, I gotta let ya know
Let 'em know. Here we go, digale a la gente, primo
Gotta let you know for real. Son drop that

[Verse I]

Siempre me encuentro con la mujer equivocada A superficial mami con la alma comprada Yo I'm sick of stupid chicks que hablan de nada Let's got to my house conversacion acabada Yeah we can fuck but you gotta go after manana You walking bowlegged porque te deje clavada Don't ever talk shit about niggaz and get enojada There's a reason that you never been properly amada Cause you fuck niggaz and suck dick como si nada Para la porqueria and save the drama Don't come to the fucking club con una actitud mala You've been drinking too much Bacardi and smoking lala Escuchame senorita, if you don't respect yourself Don't expect respect from anyone else Don't expect un hombre to support you with wealth Go to college and be successful, do it for delft Nunca vas a ser shit without knowledge your self Mamis with cultural ineptitude are bad for your health That's the type of mujer that I put back on the shelf And go back to the pack crowd to look for somebody else

Adios, check it

[Hook]

We keep it moving properly

No me importa lo que haces, ain't no way of stopping me

Moving through property, like I own every monopoly

Smoking broccoli, compartiendo ideologies

Pero solamente pasa on special occasions

When beautiful intelligent mamis stay blazing

(Stay blazing!)

Y ahora for you motherfucking niggaz
Yo... si

[Verse 2]

But y'all cats are just a bunch of fake Tony Montana I bring drama like revolucion Cubana And block stages like my last name was Santana Como puedes comparar your anterouch to my squad You motherfucker is faker than resurrection full of bud Don't try to be hard cuz I don't stress faked fellas I'll burn your house down and empty the clip of tu abuela Mucha gente try to convince everyone that they trife Hablando mierda but you never shot a gun in your life Siempre gritando how you keep it real in the cife But most of your rappers can't even keep it real with your wife I'll sacrifice you puto cabron for running his mouth Car-jack you and kidnap you in front of your house And while you tied up by that shotgun while I'm driving down south I'll push the pedal to setenta and kick you the fuck out Solamente to look back and have something to laugh about I doubt that you really want Technique as an enemigo Fuck with me I'll make your people turn up desaparecido My estilo es Chupa Camaro Y Zapatista I'm a revel soldier murdering rap artistas Colombian neck-tile MC hasta la vista Taking over the fucking country like socialita

Immortal Technique the resurrected Che Guevara

Cobardes, yo

[Hook]

We keep it moving properly

No me importa lo que haces, ain't no way of stopping me

Moving through property, like I own every monopoly

I'll broad your fucking brain out and spread your philosophy

This is if te pones celoso motherfucker is watching me

I don't make threats bitch lo que hablo es prophecy

De verdad, para que toda la gente sepa que no me importa
Cuanta mierda ustedes hablan o cuanta mierda
I still be on my job. Forever, I'll still be here
I'll still be doing my thing. Para siempre. Cojudo
Para siempre. I'll be in anybody's parade
Immortal Technique, se ha acabado la mierda..

"Revolutionary"

[Men talking]

You too (locked and loading)
You too (locked and loading sir)
Remember break that window when that cop comes in and blow that motherfuckers head off
[multiple gun shots] (Got him)
Yeah load it up again cause these motherfuckers are gonna come back for us. (Were ready)
We gotta be prepared in this day and age, we gotta be prepared for whatever comes the fuck at us. (Word up)
Cause we are living revolutionarily. (Definitely)
You cannot second guess yourself in these days and times there gonna throw whatever they can at you and you gotta be prepared for it, you gotta be prepared for anything

[Sample of Malcolm X]

"If liberty or dead,
there's freedom for everybody or freedom for nobody!" [crowd cheers]

[Hook]

No matter what the fuck life throws at me
I continue to make it threw indefinitely
Immortal technique defeats the odds repetitively
Until there ain't shit ahead of me competitively
Surviving the tough times is imperative to me
Looking at the whole world revolutionarily

[Sample of Malcolm X]
"They don't want to hear you old uncle tom handkerchief hand talking about...uh thee [inaudible], no."

Technique will force you into strategical retreat
Because I dominate guerrilla warfare in the streets
There ain't no way to picture me without a victory speech
When I reach higher positions
Without the recognition of pissed on competition
Cause I conquered there ambitions
In a systematic form like a religionist tradition
My mission is to take you, lyrically break you
Lyrically assassinate you
Lyrically incinerate your body and recreate you
To destroy the power that mentally incarcerates you
Cause even though I rip it better I could not forsake you
Your my people with the same oppressors so how could I hate you
The revolution of the mind that bring lee generates you
But when you come original people impersonate you, start to hate you

Cause the conflict is building within the ultimate sin Is to be ashamed of your skin My rhymes are like Jamaican over proof I make the room spin Intoxicated flow I bleed vodka and brandy Don't make me choke you down like Jon-Benet Ramsey Something demands of me to rip this fucking shit uncannily God commanded me to be a technological disease And psychologically do battle with the best emcee's *Inaudible* these in technique Cause I'm the capital of revolutionary nation that's infallible Aztec like the Hannibal Rip your heart out of your chest and feed it to the cannibal's Your just a fucking animal but I'm the Neo Sapien Cause my original civilization was based upon creation You know theirs no escaping even though your heart is racing I'll put your best disciple on academic probation Fuck the litigation, fuck the best rapper nominations And fuck the president I voted for assassinations I'm saying fuck the federal bullshit investigations Fuck the cover up of ghetto radiation extermination Using my people for experimentation And if doesn't play hip hop then fuck your radio station

[Hook]

[Sample of Malcolm X]
"Revolutions overturn systems, revolutions destroy systems!" [crowd cheers]

Yo what the fuck happen to reality spitting rhyme slayers These days everybody trying to be a thug or a player Where did all the real motherfuckers go in the game Bring back the break dancers and graffiti writers with fame I remember hip hop before the mic cunt clapping Cause I used to drink forties with more flavor then these rappers Lyrical ego trips doesn't make fortification Your not dope enough, spit self glorification So don't jerk me around cause my name ain't masturbation Life is hard it'll leave you scarred cause I been threw shit If you consider rap a job I suggest that you quit Don't you understand the audience will listen and dance In the club, crib or car or whatever they get the chance To be emancipated start debating justice in the cipher Why do you think project rooms look like the cells in Riker's I'm explaining the significance or the reason behind it There preparing your children for the prison environment When you don't amount to shit prison becomes retirement But I refuse to be took in to central booking in chains Cause sleeping on the floor in cages starts to fuck with your brain The system ain't reformatory, it's only purgatory Close to hell but I rebel as begin to sparkle out And tell my people how we fell into the trap that we live in Because they locked us up in ghetto's and began to rape my women So I leave the system Unforgiven like East Wood

Cause I was bless with lyrical strength to do whatever I could
You should of seen it coming long ago when you were very young
My word is through the father, holy spirit and his fucking son
Cause when I grab the mic device in front of Christ and start to rip it
I'll make Jesus turn around and say "yo pop this nigga flipped it"
So talk about whatever and be what you wanna be
But don't mistake the way I break the faith for simple blasphemy
Cause through the highest frequencies in the NYC
I'm crushing 97.1 percent of MC's

[Hook]

"Dance With The Devil"

[Verse 1]

I once knew a nigga whose real name was William His primary concern, was making a million Being the illest hustler, that the world ever seen He used to fuck movie stars and sniff coke in his dreams A corrupted young mind, at the age of thirteen Nigga never had a father and his mom was a fiend She put the pipe down, but for every year she was sober Her son's heart simultaneously grew colder He started hanging out, selling bags in the projects Checking the young chicks, looking for hit-and-run prospects He was fascinated by material objects But he understood money never bought respect He built a reputation 'cause he could hustle and steal But got locked once and didn't hesitate to squeal So criminals he chilled with didn't think he was real You see, me and niggas like this have never been equal I don't project my insecurities on other people He fiended for props like addicts with pipes and needles So he felt he had to prove to everyone he was evil A feeble-minded young man with infinite potential The product of a ghetto-bred capitalistic mental Coincidentally dropped out of school to sell weed Dancing with the devil, smoked until his eyes would bleed But he was sick of selling trees and gave in to his greed

[Hook]

Everyone trying to be trife never face the consequences
You probably only did a month for minor offences
Ask a nigga doing life if he had another chance
But then again there's always the wicked that knew in advance
Dance forever with the devil on a cold cell block
But that's what happens when you rape, murder and sell rock
Devils used to be gods angels that fell from the top
There's no diversity because we're burning in the melting pot

[Verse 2]

So Billy started robbing niggas, anything he could do
To get his respect back, in the eyes of his crew
Starting fights over little shit, up on the block
Stepped up to selling mothers and brothers the crack rock
Working overtime for making money for the crack spot
Hit the jackpot and wanted to move up to cocaine
fulfilling the Scarface fantasy stuck in his brain
Tired of the block niggas treating him the same
He wanted to be major like the cut-throats and the thugs
But when he tried to step to 'em, niggas showed him no love

They told him any motherfucking coward can sell drugs
Any bitch nigga with a gun can bust slugs
Any nigga with a red shirt can front like a blood
Even Puffy smoked a motherfucker up in a club
But only a real thug can stab someone till they die
Standing in front of them, staring straight into their eyes
Billy realized that these men were well-guarded
And they wanted to test him before business started
Suggested raping a bitch to prove he was cold-hearted
So now he had a choice between going back to his life
Or making money with made men, up in the cife
His dreams about cars and ice made him agree
A hardcore nigga is all he ever wanted to be
And so he met them Friday night at a quarter to three

[Hook]

[Verse 3]

They drove around the projects slow while it was raining Smoking blunts, drinking and joking for entertainment Until they saw a woman on the street walking alone Three in the morning, coming back from work, on her way home And so they quietly got out the car and followed her Walking through the projects, the darkness swallowed her They wrapped her shirt around her head and knocked her onto the floor "This is it kid, now you got your chance to be raw." So Billy yoked her up and grabbed the chick by the hair And dragged her into a lobby that had nobody there She struggled hard but they forced her to go up the stairs They got to the roof and then held her down on the ground Screaming, "Shut the fuck up and stop moving around!" The shirt covered her face, but she screamed and clawed So Billy stomped on the bitch, 'til he broken her jaw Them dirty bastards knew exactly what they were doing They kicked her until they cracked her ribs and she stopped moving Blood leaking through the cloth, she cried silently And then they all proceeded to rape her violently Billy was made to go first, but each of them took a turn Ripping her up, and choking her until her throat burned Her broken jaw mumbled for God but they weren't concerned When they were done and she was lying bloody, broken and bruised One of them niggas pulled out a brand new twenty-two They told him that she was a witness for what she'd gone through And if he killed her he was guaranteed a spot in the crew He thought about it for a minute, she was practically dead And so he leaned over and put the gun right to her head

[Sample from "Survival of the Fittest" by Mobb Deep]
I'm falling and I can't turn back
I'm falling and I can't turn back

[Verse 4]

Right before he pulled the trigger, and ended her life

He thought about the cocaine with the platinum and ice And he felt strong standing along with his new brothers Cocked the gat to her head, and pulled back the shirt cover But what he saw made him start to cringe and stutter 'Cause he was staring into the eyes of his own mother She looked back at him and cried, 'cause he had forsaken her She cried more painfully, than when they were raping her His whole world stopped, he couldn't even contemplate His corruption had successfully changed his fate And he remembered how his mom used to come home late Working hard for nothing, 'cause now what was he worth He turned away from the woman that had once given him birth And crying out to the sky 'cause he was lonely and scared But only the devil responded, 'cause god wasn't there And right then he knew what it was to be empty and cold And so he jumped off the roof and died with no soul They say death takes you to a better place but I doubt it After that they killed his mother, and never spoke about it And listen 'cause the story that I'm telling is true 'Cause I was there with Billy Jacobs and I raped his mom too And now the devil follows me everywhere that I go In fact, I'm sure he's standing among one of you at my shows And every street cypher listening to little thugs flow He could be standing right next to you, and you wouldn't know The devil grows inside the hearts of the selfish and wicked White, brown, yellow and black color is not restricted You have a self-destructive destiny when you're inflicted And you'll be one of god's children that fell from the top There's no diversity because we're burning in the melting pot So when the devil wants to dance with you, you better say never Because a dance with the devil might last you forever

[Hidden end feat. Diabolic]

[Immortal Technique]

Oh y'all motherfuckers thought it was over, huh? Well it's not. You didn't count on a fallen angel getting back into the grace of god and coming after you. Ya'll niggas ain't shit

Your producers ain't shit. Your fuckin' A & R ain't shit.
I'll fuckin' wipe my ass with your demo deal.
Yo, Diabolic, take this motherfucker's head off!

[Diabolic]

Go 'head and grip Glocks
I'll snap your trigger finger in six spots
You'll have to lip lock with hypodermic needles to lick shots
I'll watch you topple flat
Put away your rings and holla back
Can't freestyle, you're screwed off the top like bottle caps
Beneath the surface

I'm overheatin' your receiver circuits by unleashin' deeper verses than priests speak in churches

What you preach is worthless

Your worship defeat the purpose

Beyond what y'all fathom
I shit on cats and jaw tap 'em
Show no compassion like havin' a straight-faced orgasm
Tour jack 'em
Have his half-a-ten bitch suck my friend's dick

Have his half-a-ten bitch suck my friend's dick In the mean time, you can french kiss this clenched fist Diabolic

A one-man brigade spreading cancer plague
Fist-fuckin' a pussy's face
Holdin' a hand grenade
So if I catch you bluffin'
Faggot, you're less than nothin'
I just had to get that stress off my chest like breast reduction

[Immortal Technique]

You motherfuckers are nothing, you cannot harm me I'll resurrect every aborted baby and start an army Storm the planet huntin' you down, 'cause I'm on a mission To split your body into a billion one-celled organisms Immortal Technique'll destroy your religion, you stupid bitch You're faker than blue-eyed crackers nailed to a crucifix I'm 'bout to blow up like NASA Challenger computer chips Arsenic language transmitted revolutionarily I'm like time itself, I'm gonna kill you inevitably Chemically bomb you, fuck usin' a chrome piece I'm illmatic, you won't make it home like Jerome's niece I'll sever your head diagonally for thinkin' of dissin' me And then use your dead body to write my name in calligraphy This puppet democracy brain-washed your psychology So you're nothing, like diversity without equality And your crew is full of more faggots than Greek mythology Usin' numerology to count the people I sent to Heaven Produces more digits than 22 divided by 7 You're like Kevin Spacey, your style is usually suspect You never killed a cop, you not a motherfuckin' thug yet Your mind is empty and spacious Like the part of the brain that appreciates culture in a racist Face it, you're too basic You're never gonna make it Like children walking through Antarctica, butt naked

"The Prophecy"

So you're the motherfucker they call....Immortal Technique.
What the fuck make you so special nigga?
Huh... what the fuck do you do?

I calculate planet alignment like Mayan astronomy Discovering atrocities worst than Aristotle Subjecting children to sodomy Your theory of the galaxy is primitive like Ptolemy The truth about the universe stuck up like Aztec pottery Unpredictable results like experimental psychology I stomp the streets with emcee's beneath my feet in colonies But presentation and spirit revolve around autonomy Searching for monogamy And cutting fake bitches out of my mind like a lobotomy So obviously I'm not gonna be here to play games Walked the top of the world and leave the arctic circle in flames Battle the beast and false prophet predicted in the King James I give a fuck about your emcee name I don't admire you Only by dental records will you be identifiable Cause the future is not reliable Remember when rap was not economically viable Comparable to what motherfuckers think of me I might be nobody but wait till I'm together like a symphony Resounding sound that will continue infinitely Angel of death punishing all those who live in infamy And shine so far away from you You'll never get a glimpse of me Attempts to extinguish me don't even bother me none Like retarded kids throwing ice cubes at the sun A victory against Immortal Technique will never be done Just degrees of losing it every second your adding one Some niggas dream of pushing kilos but I drop tons With more facts and formulas and philosophical logic Than a basement full of scientists puffing on chronic Dipped in mycin potassium cyanide and liquid bubonic And use it as a sonic one to find the spawn of the demonic Screaming like onyx is of absolutely no consequence The poison is dense enough to clog up your arteries Mercy is not a part of me I cause you bodily injury permanently be simply verbally murdering me

The blood stream of my people

And redemption is not located under a church steeple
The feeble and the meek in soul just like the technique
Will inherit the earth, But the earth will be weak
Mother earth in her decrepit terminal illness physique
The year three thousand is bleak no happily ever after

Is inconceivable cause of the unbelievable evil injected inside

Just death following the Fourth Reich disaster, a legacy of bastards
With plastic explosives your futures been eroded
Cause you forgot that when your free it's multiplied indefinitely
By the struggle that be the struggle I see
To socialistically united the third world countries
Expose hypocrisy in Americas democracy
Sloppily obsessed with stopping me cause I speak prophecy
Trample and dismantle your capitalist philosophy
The same way I stomp the conquering rap monopoly
And I'm not a fucking prophet
But that's the fucking prophecy

"No Mercy"

[Malcolm X in his famous speech "The Ballot or the Bullet":]
"Brothers and sisters...friends....and I see some enemies.

[Laughter and then applause]

In fact I think we'd be fooling ourselves if we had a audience this large and didn't realize that there were some enemies present."

[Verse One]

I'm a weapon that fires

Lyrical projectiles with no mercy I'm cold blooded like reptiles

Touch a pregnant bitch and make her give birth to a dead child

Every time I flex styles

Niggas vacate the premises and become exiles

I manufacture rhymes like textiles of x-files

And lighten juveniles Living life with no purpose

Organize a army that will make the devil's nervous

Competition is worthless

Like the electoral vote

If you provoke I'll break your motherfucking neck in a yoke
Your better off throwing your shitty life away sniffing coke
Technique will choke you into a spiritual state
And it will take a lake of hydrochloric acid to soften this
I'll fake your parents suicide and kill you in the orphanage
But I inspire ideological metamorphosis
Stop talking shit or I'll make your existence a memory

So you can have me frozen cryogenically for centuries
But I'll break the ice if anyone on the planet mentions me
I'll burn a hypocritical flag intentionally

Explosive revolutionary Chemistry's my destiny

[Chorus: 2x]

No mercy is what I chemically bomb on enemies Your life's a fucking mistake, technique is the remedy Destroy you before you become what you intended to be And in the future you'll worship those that descended from me

[Verse Two]

When I fight you I won't snipe you
I'll use a HIV infected needle to strike you
As well as anyone that vaguely resembles or looks like you
And just to spite you I'll force your children
At gun point to bite you
And rip a piece off
To start the beef off of the rest of your petty limited life

To start the beef off of the rest of your petty limited life I'm coming at you to catch ya by surprising the sight Nobodies stupid enough to back ya when tactically attack ya
Because my style is nasty like protruding bone fractures
And your a played out dirty pussy devil
Like Margaret Thatcher
But technique never get captured inside the rapture
Cause I mastered the art of causing natural disasters
You should learn the difference
In between the students and the master
My stature is the dispatcher of damaging decibels
And even though my starving people are considered expendable
I consecutively escape the racist corporate tentacles
I spit raw kinetic energy that's immeasurable
Retaliation for perpetration is unendable
Mercy is not extendible
I'll break your fucking brain down into psychological chemicals

[Chorus: 2x]

"The Illest"

(feat. Jean Grae, Pumpkinhead)

[Jean Grae]

Ayo, I burn my bridges with a blow torch a rebel born from verbal holocaust dirty and never try to clense to get the drama off the swiftest stealth assassin snipe you from balcony shots of terrorist position professional from the opera box rhyme documents infamous like the Bill of Right, illa tight, having niggaz open like the thrill of dykes Jean Grae ya koo's a mass murderer, friends who got the dirt on her, foes who never heard of her wild style, my mouth gone to train up, I spit Krolyon in five colours, when I speak I spray my name up, split your wig up like Denny and Bruce splash your remains and brains out on the street like Henny and juice, noose your neck and loosen your spine from back shift your spleen, rip till it's just obscene, from down town spilling it, New York illest who rip it ever, flow like a river fuck a girl like a nigga what?

[scratches]

[Pumpkinhead]

I've been through Hell and back, scars swell on my back, I spit bars, y'all spit repetative raps, I'm a street dude, who decided to rhyme with lines that'll crack the disc between your mind and your spine, that's why, y'all wanna bite my design and that's why, usually I hold the mic like a nine pistol whip you on the side of your eye, watch it pop out, we knock out cats, with the floors when it rocks out, shocked out, like you driving in a lightning storm, with the top down, we got this locked down, like convicts on the run getting shot down, we four times gaining yards in the whole line, see me and Tech we steadily building, and we about to blow like the Oklahoma Federal Building and all them niggaz get mad when we step in the building, cause we make the crowd jump and hit they heads on the ceiling, what?

[scratches]

[Immortal Technique]

I spit heat like the deserts of Saudi Arabia bury competition like Mesopotamia, emanating radiation pissing liquid uranium, I bring the rock like European drunks in soccer stadiums, I'll split your cranium with perfect symmetry lyrically if your not the illest, then you don't deserve to spit with me, OBS obliverating bastards sacrilegiously, I sacrifice niggaz who talk shit ritualistically, meticulously making all my rivals suicidal like white suburban kids on acid reading the Satanic Bible my arrival is genocidal, like Christopher Columbus, exterminating racism of whack MC's that walk among us, I've just begun to bust I'll make this place, open gondela these racist cops wanna lock me longer then Nelson Mandela, pissed off, I'm making hella paper, East to West coast, and I treat the law in this country like a mother fucking joke, cause if I'm willing to smoke the president, while he's sniffing his Coke, you know it don't mean shit to me to cut a fucking cops throat

[Immortal Technique talking]
Yea, Jean Grae, Pumpkinhead, Immortal Technique
DP-one, tell 'em what the fuck we about to do

[scratches] sh..sh..sh..shit on the whole industry

"Speak Your Mind"

[Intro]
You have to speak the truth

You have to speak your mind

[Verse 1]

Every time I speak my mind I'm lyrically critical The pinnacle of being revolutionarily pivotal Beyond anything ever studied thats metaphysical Man fuck a minority, I'm not politically minimal But obviously terminologies that are statistical Are manufactured to be unequivocally subliminal Transmitted by monopolized media visuals So I riddle hypocritically pitiful criminals Habitually utilizing typical rituals With false pretense in attempts to be spiritual TO individuals who believe in biblical miracles Instead of themselves, because they're not thinking original And the color of their skin makes them feel invisible Like microscopic miscarriages lynched wit the umbilical Only a fuckin imbecile would think their uncorrectable Cause your susceptible to becoming more than a spectacle Remember that your flesh your blood and you body are dissectable Ill beat you until your vegetable

And wake up in a hospital covered in poisonous chemicals
In a fetal position wit your face sewn to your testicles
Thinkin that you were kidnapped by extraterrestrials
You got heart? I'm the blood that pumps in your ventricles
Technique, I'm like ya soul nigga.. indispensable
Wit no respect for those that cower at the hour of revolution
Cause the government owes my people restitution
Instead of sedatives like cocaine and prostitution
Conclusion is that you'll have to violently silence me
Cause I raid the airwaves of cutthroat piracy
In school my teachers blinded me

But now I can see

I'm mentally and revolutionarily free
Broadening Horizons about what my people could be
If we wasn't set up to get shot locked or OD
You see families bleed because of corporate greed
And monopolizing weed is virtually impossible
So it wont be legalized and thats another obstacle
But I'm still rollin up pocket fulls of tropical
The governments involved directly so its unstoppable
clear rocket full of biochemical toxins that invade the eco

The governments involved directly so its unstoppable

Like a nuclear rocket full of biochemical toxins that invade the ecological

Improbable that the average intellect could understand

So I encrypted this into hip hop thats in high demand
and spread it through the ghetto of every city like contraband

Stomp a man of any complexion with a devilish nature Cause I'm tryin to save the earth, but your just next in line to rape her

"The Point Of No Return"

[Talking]

Yeah... It's that real this time around Immortal Technique... Revolutionary Vol. 2
It's on now motherfucker..

[Verse 1]

This is the point of no return I could never go back Life without parole, up state shackled and trapped Living in the hole, lookin' at the world through a crack But fuck that, I'd rather shoot it out and get clapped I've gone too far, there ain't no coming back for me Auschwitz gas chamber full of Zyklon-B Just like the Spanish exterminating Tainos Raping the black and Indian women, creating Latinos Motherfuckers made me out of self-righteous hatred And you got yourself a virus, stuck in the Matrix A suicide bomber strapped and ready to blow Lethal injection strapped down ready to go Don't you understand they'll never let me live out in peace Concrete jungle, guerrilla war out in the streets Nat Turner with the sickle pitch fork and machete The end of the world, motherfucker you not ready This is the point of no return and nobody can stop it Malcolm little when he knelt before Elijah Muhammad The comet that killed the dinosaurs, changing the earth They love to criticize they always say I change for the worse Like prescription pills when you miss-using them nigga The Templar Knights when they took Jerusalem nigga And figured out what was buried under Soloman's Temple Al Aksa the name is not coincidental I know too much, the government is trying to murder me No coming back like cutting your wrist open vertically How could a serpent be purposely put in charge of the country Genetic engineered sickness spread amongst me My people are so hungry that they attack without reason Like a fuckin' dog ripping off the hand that feeds him Immortal Technique is treason to the patriot act So come and get me motherfucker cause I'm not coming back

[Hook]

This is the point from which I could never return
And if I back down now then forever I burn
This is the point from which I could never retreat
Cause If I turn back now there can never be peace
This is the point from which I will die and succeed
Living the struggle, I know I'm alive when I bleed

From now on it can never be the same as before Cause the place I'm from doesn't exist anymore

[Verse 2]

This is the point of no return nigga you better believe this Mary Magdalen giving birth to the children of Jesus The evolution of the world, bloody and dramatic Human beings killing monkeys to conquer the planet The kingdoms of Africa and Mesopotamia Machine gunnin' your body with depleted uranium This is the age of micro chips and titanium The dark side of the moon and contact with aliens I started out like Australians, criminal minded Broke into hell, tore it down, and built a city behind it SouthPaw, murderous, methodology nigga Remember that I'm just a man don't follow me nigga Cause once you past the point you can never go home You've got to face the possibility of dying alone So tell me motherfucker, how could you die for the throne? When you don't even got the fuckin' heart to die for your own It rains acid, one day the earth will cry from a stone And you'll be lookin' at the world livin' inside of a dome Computerized humanity living inside of a clone This is the place where the unknown is living and real Wormwood the planet X and the seventh seal Universal truth is not measure in mass appeal This is the last time that I kneel and pray to the sky Cause almost everything that I was always ever told was a lie

[Hook]

This is the point from which I could never return
And if I back down now then forever I burn
This is the point from which I could never retreat
Cause If I turn back now there can never be peace
This is the point from which I will die and succeed
Living the struggle, I know I'm alive when I bleed
From now on it can never be the same as before
Cause the place I'm from doesn't exist anymore

"Peruvian Cocaine"
(feat, C-Ravz Walz & others)

[Intro: from the film "Scarface"]
[Host:] I've heard whispers about the financial support
your government receives from the drug industry.

[Guest:] Well, the irony of this, of course, is that this money, which is in the billions, is coming from your country. You see, you are the major purchaser of our national product, which is of course cocaine.

[Host:] On one hand, you're saying the United States government is spending millions of dollars to eliminate the flow of drugs onto our streets. At the same time, we are doing business with the very same government that is flooding our streets with cocaine.

[Guest:] Mmm-hmm, si, si. Let me show you a few other characters that are involved in this tragic comedy.

[Beat starts]

[Two Men Speak in Spanish]

[Immortal Technique - Worker]

I'm on the border of Bolivia, working for pennies

Treated like a slave, the coca fields have to be ready

The spirit of my people is starving, broken and sweaty

Dreaming about revolution (REVOLUTION!) looking at my machete

But the workload is too heavy to rise up in arms

And if I ran away, I know they'd probably murder my moms

So I pray to "Jesus Cristo" when I go to the mission

Process the cocaine, paste and play my position

[Pumpkinhead - Cocaine Field Boss]

OK, listen Juan Valdez, just give me my product
Before we chop off ya hands for worker's misconduct
I got the power to shoot a copper, and not get charged
And it would be sad to see your family in front of a firing squad
So to feed your kids, I need these bricks
40 tons in total, let me test it, indeed I [sniff]
Shit, this is good, pass me a tissue
And don't worry about them, I paid off the officials

[Diabolic - Peruvian Leader]
Yo, it don't come as a challenge, I'm the son of some of the foulest
Elected by my people...the only one on the ballot
Born and bred to consult with feds, I laugh at fate

And assassinate my predecessor to have his place
In a third-world fascist state, lock the nation
With 90% of the wealth in 10% of the population
The Central Intelligence Agency takes weight faithfully
The finest type of China white and cocaine you'll see

[Tonedeff - American Drug Distributor]

Honey I'm home, nevermind why our bank account's suddenly grown
It's funny, we're so out of this debt from this money we owe
Would've ya...mind if I told you I had two governments overthrown

To keep our son enrolled in a private school, and to keep ya tummy swollen
C'mon, our fuckin' home was built on the foundation of bloody throats
The hungry stolen of they souls, of course this country's runnin' coke
I took a stunted oath to hush the one's who know

But CIA conducts the flow of these young hustlers who lust for dough

[Poison Pen - Drug Dealer]
I don't work in the hood (Hit my connect)
Plus what's really good, they supply for the hood
These dudes fucking crack me up, scrutinize like we inferior
Petrified when we meet in my area (calm down)
My dude's'll shoot until I say so, got the loot?
Give me the YAY YAY like Ice Cube, so don't play with my llello
We won't stop for you bastards
Must choose (?), chop it and bag it

[Loucipher - Undercover Police Officer]

Taking pictures and tapping phones

Debating snitches and cracking codes

Past a couple, blast the fo',

Want any hustler stacking dough with probably crack the blow

And my overtime is where your taxes go

I gain your trust

Get you to hand weight to us because we paid up front

On the low with cameras taping ya

Getting pop away? The prison sentence is going to

Make the officer leave with two ki's out the evidence room

[C-Rayz Walz - Prison Inmate]
Out the evidence room [Said with Loucipher]
Went my fame, truck, boat or plane, they watching you
You think you got work? They copping too
We control blocks, they lock countries
Ya own companies, we had nice cars and sneaker money
Now there's players out there, talking 'bout the holding
With bugs in they house like they down South with windows open
Your dough ain't long, you wrong, you take shorts and (?)
Feds will be up in your mouth...like forks and spoons
So enjoy the rush, live plush off Coke bread
Soon you'll be in a cell with me, like Jenny Lopez
In school, I was a bully, now life is fully a joke
I keep a flow on a boat for Peruvian Coke
Players do favors for governors and tax makers

Fat Quakers smoke crack and sex acts with bad mayors
The walls got ears, you big mouths probably scared
Not prepared to do years like Javier

[Immortal Technique Speaking]

The story just told is an example of the path that drugs take on their way to every neighborhood, in every state of this country. It's a lot deeper than the niggas on your block. So when they point the finger at you, brother men, this is what you've got to tell them:

[Wesley Snipes - from "New Jack City"]
I'm not guilty. YOU'RE the one that's guilty. The lawmakers, the politicians, the Colombian drug lords, all you who lobby against making drugs legal. Just like you did with alcohol during the prohibition.
You're the one who's guilty. I mean, c'mon, let's kick the ballistics here: Ain't no Uzi's made in Harlem.
Not one of us in here owns a poppy field. This thing is bigger than (Immortal Technique). This is big business. This is the American way.

"Harlem Streets"

[Verse 1]

Yeah.... Harlem streets stay flooded in white powder Like those motherfuckers running away from the Twin Towers Gun shots rock the earth like a meteor shower Bowling For Columbine, fair, giving the media power Innocence devoured like a chicken spot snack box Government cocaine cooked into ghetto crack rock Corrupt cops false testimony at your arraignment Check to check, constant struggle to make the payments Working your whole life wondering where the day went The subway stays pakced like a multi-cultural slave ship It's rush hour, 2:30 to 8, non stoppin' And people coming home after corporate share croppin And fuck flossin, mothers are trying to feed children But gentrification is kicking them out of their building A generation of babies born without health care Families homeless, thrown the fuck off of the welfare

[Hook]

Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem?

[Verse 2]

It's like Cambodia the killing fields uptown We live in distress and hang the flag upside down The sound of conservative politicians on television People in the hood are blind so they tell us to listen They vote for us to go to war instantly But none of their kids serving the infantry The odds are stacked against us like a casino Think about it, most of the army is black and latino And if you can't acknowledge the reality of my words You just another stupid mother fucker out on the curb Trying to escape from the ghetto with your ignorant ways But you can't read history at an illiterate stage And you can't raise a family on minimum wage Why the fuck you think most of us are locked in a cage I give niggaz the truth, cause they pride is indigent You better off rich and guilty than poor and innocent But I'm sick of feeling impotent watching the world burn In the era of apocalypse waiting my turn I'm a Harlem nigga that's concerned with the future And if your in my way it'd be an honor to shoot ya Up root ya with the evil that grows in my people Making them deceitful, cannibalistic and lethal

But I see through the mentality implanted in us And I educate my fam about who we should trust

[Hook]

Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem? Homicide Harlem, BLAOW!, what's the problem?

"Obnoxious"

Asshole Don't know me

I'm obnoxious, motherfucker can't you tell Run through Little Havana yelling, '¡Viva Fidel' Jerking off with the sheets when I stay at hotels Drinking Bacardi at AA meetings, smoking a L

I'm broke as hell, my attitude is no good Like working for white people after watching Rosewood So I'm a mercenary, I don't care how I get richer Like American companies that did business with Hitler

Get the picture, nigga? I'm the best of both worlds Without the hidden camera and the 12-year old girl Let's face it, you're basic, you aren't half the man that I am I'll throw your gang sign up, and then I'll spit on my hand

Give me a hundred grand, give me your watch, give me your chain
That's your girl? Bitch, get over here, give me some brain
I'll bust off on her face, and right after the segment
She'll probably rub it in her pussy, tryna get herself pregnant

I said it I meant it, that's the way I deal with enemies
Like pro-lifers that support the death penalty
And don't talk about war when niggas know that you're puss
A fucking hypocrite draft-dodger like George Bush

Don't push me, nigga, 'cause I'm close to the edge
And I'll jump of with a rope that's wrapped around your head
Send a dead fetus to my ex on Valentine's Day
The safety's off nigga, so get the fuck out my way

Obnoxious nigga, murderous lyrics

I know that you hear it

Now that I'm getting closer and closer I know that you feel it

You're eating off rap, and I hope you choke on your gimmick

Niggas said hip-hop was dead but I'm invoking the spirit

We're taking it back in the day to the Golden Age

When wack motherfuckers used to get thrown off stage

Immortal Technique, I made this to bump in your ride

Or burn it off the Internet, and bump it outside

Nigga, we're keeping it live, we're keeping it live

We're keeping it live, we're keeping it live

Burn it off the fucking Internet, and bump it outside

Look motherfucker, my words damage and slaughter A raging alcoholic like the president's daughters Disgusting flow like third-world-country tap water. But before I hit the border, someone give me a quarter

'Cause I'mma prank call, cop shot just for kicks Payback for every time that they called me a "spic" And Puerto-Rican chicks told me that I fuck like I'm loco And Dominican women call me the 'Rompe Toto'

They call me "ocioso", I'd rather get fired than quit
I get unemployment, you work, and we making the same shit
How dare you niggas criticize the way that I spit
You coffee-shop revolutionary son of a bitch

But you know what the fuck I think is just pathetic and gay When niggas speculate what the fuck 'Pac would say You don't know shit about a dead man's perspective And talking shit'll get your neck bone disconnected

Disrespected niggas don't show no love
Why you tryna be hardcore, you fucking homo-thug
And don't be sensitive and angry at the shit that I wrote
'Cause if you can take a fucking dick, you can take a joke

I'll choke your friends in front of you, to prove that you've fallen off
And you won't do shit about it, like the Church during the Holocaust
Kalashnikov machine gun flow that I fire
Obnoxious until they shoot me on the day I retire

Obnoxious nigga, murderous lyrics
I know that you hear it

Now that I'm getting closer and closer I know that you feel it

You're eating off rap, and I hope you choke on your gimmick

Niggas said hip-hop was dead but I'm invoking the spirit

We're taking it back in the day to the Golden Age

When wack motherfuckers used to get thrown off stage

Immortal Technique, I made this to bump in your ride

Or burn it off the Internet, and bump it outside

Nigga, we're keeping it live, we're keeping it live

We're keeping it live, we're keeping it live

Burn it off the fucking Internet, and bump it outside

Damn, homie, in high school I beat the shit out of you and your man, homie
Your girl wanna blow me and don't even know me
She lonely and she thinks you're a phony
I'll take a piss on a development deal from Sony, or Def Jam
'Cause you're like all of the rest man
This ain't a verse, it's shit talk at the end of the song
And you can suck a dick if you think I ended it wrong
Fuck you and I'm gone

Peace to the Stronghold, EOW
Word-A-Mouf, Forbidden Chapters
IAK niggas, Wax Poe, killin' you slow
The Plague, I'll murder a show
You don't even know
Yeah, foul play nigga
Harlem!

"The Message & The Money"

[Immortal Technique]
Before we go any further..

I would like to send a message to all the underground mc's out there, working hard

The time has come to realize you networked in a market

and stop being a fucking commodity

And if you didn't understand what I've just said then you already waiting to get fucked For example; a lot of these promoters are doing showcases throwing events, and not even paying the workhorses

They trying get us to rock for the love of hiphop or rock for the exposure Now look man, I don't mind doing a guest spot for my peeps Or, or, or doing a benefit show, but don't lie to me pussy

Coz I find out I'm paying your lightbill, I'm fucking you up nigga Besides, you ain't doing this for the love, you ain't doing it for the exposure you charging up to 10\$ at the door, and you ain't tryin to give me shit??

So wait a minute... you want me to go shopping, cook the food, and put it in front of you but you won't let me sit down and eat with you? The fuck is that?

Niggaz need to start playing their position, man. Just coz you throw a party a hosting event or an open mic or a showcase, or a battle

that don't make you important at all

Without me and everybody like me out there

you ain't nutting but a good idea, motherfucker

So stay in your place

And to all these bitchass saronayas who are too lazy to come up with a way to sell records..

That they keep recycling marketing schemes and imagery

C'mon..

There is a market for everything man

There is a market for pet psychologists nigga. There is a market for twisted shitfetish video's. For nipplerings, for riverdancing, for chocolate cupboard roaches...

But you can't find one for cultured hardcore reality and hiphop?

People like you: the house nigga executives

and them rich motherfuckers that own you; you the motherfucking machine man!

You and all these niggaz talking about the same shit with the same flow over the same candy-ass beats

e same now over the same candy-ass beats

But I refuse the feed the machine

And Im not giving any magazine money

So maybe my album won't get 5 mics, or double-x-l's, or 5 discs

Whatever man, fuck it

But then again; you don't own me, and none of you niggaz ever will If I'm feeling what you fight for I'm rolling with you to the end

But if not, then FUCK YOU!

And the more that mc's, producers, dj's and independent labels start to grasp the conceptuality of what their contribution to the business of hiphop is rather then just the music - the more the industry will be forced to change

Oh, heh, and one last thing;

You don't have to agree with everything I've said
But don't ever be condescending to me
Picking up your wack ass friends that rhyme and being like
'Ow yeah, Immortal Technique - he's aaiight'
No nigga..

Your mom is pussy, that's aaiight, ok..
Your peoples getting shot dead in the street, that's aaiight
I'm the motherfucking Immortal Technique nigga! The message and the money!
And you ain't got either!
Remember that!
Punk ass motherfucker..

"Industrial Revolution"

[Verse 1]
Yeah nigga, Immortal Technique, metaphysics

The bling-bling era was cute but it's about to be done I leave you full eclipse like the moon blocking the sun my metaphors are dirty like herpes but harder to catch like an escape tunnel in prison I started from scratch and now these parasites wanna percent of asscap trying to control perspective like an acid flashback but here's a quotable for every single record exec "get your fucking hands out my pocket nigga" like Malcolm X but this ain't a movie, I'm not a fan or a groupie and I'm not that type of cat, you can afford to miss if you shoot me curse to heavens and laugh when the sky electrocutes me Immortal Technique stuck in your thoughts darkening dreams no ones as good as good as me, they just got better marketing schemes I leave you to your own destruction like sparking a fiend 'cause you got jealousy in you voice like star scream and that's the primary reason that I hate you faggots I've been nice since niggas got killed over 8-ball jackets and Reebok Pumps that didn't do shit for the sneaker I'm a heatseaker with features that'll reach through the speaker and murder counter revolutionaries personally break a thermometer and force feed his kids mercury ANR's tried jerking me thinking they call shots offered me a deal and a blanket full of small pox your all getting shot, you little fucking treacherous bitches

[Hook]

This is the business, and you all ain't getting nothing for free and if you devils play broke, then I'm taking your company you can call it reparations or restitution lock and load nigga, industrial revolution

[Verse 2]

I want fifty three million dollars for my collar stand like the Bush administration gave to the Taliban and fuck packing grams nigga, learn to speak and behave you wanna spend twenty years as a government slave two million people in prison keep the government paid stuck in a six by eight cell alive in the grave I was made by revolution to speak to the masses deep in the club toast the truth, reach for the glasses I burn an orphanage just to bring heat to you bastards innocent deep in a casket, Colombian fashion intoxicated off the flow like thugs passion you motherfuckers will never get me to stop blastin'

your better off asking Ariel Sharon for compassion your better off banging for twenty points for a label your better off battling cancer under telephone cabels

Technique chemically unstable, set to explode foretold by the dead sea scrolls written in codes so if your message ain't shit, fuck the records you sold 'cause if you go platinum, it's got nothing to do with luck it just means that a million people are stupid as fuck stuck in the underground in general and rose to the limit without distribution managers, a deal, or a gimmick Revolutionary Volume 2, murder the critics and leave your fucking body rotten for the roaches and crickets

[Hook]

"Crossing The Boundary"

Danger! Beat bandits, nigga!

Yeah. Harlem to Chicago to L.A., to Toronto, Philly, motherfucking Rio De Janeiro, nigga

Ha-ha. Cape Town, South Africa

I never make songs that disrespect women
Or that judge people about the way that they're living
But the way I am is based on the life I was given
Like them white boys: 'Losing My Religion'

I used to be a Christian and a political pawn
The Bible is right and all your native culture is wrong
Next thing you know you telling me 'bout making a song
Come in the studio, and tell me that I'm making it wrong

Pissed off 'cause reality is making us strong
Like the ghost of Timothy McVeigh making a bomb
'Ey yo Marvin Gaye, what the fuck is going on
These rap niggas made propaganda out of your song

But it's the gong show, amateur night at the Apollo
My dick is like my music, but harder to swallow
So children follow me, like the pied piper
And sing the chorus in the air, with your blunt in your lighter

Sing that shit nigga right now

You played yourself thinking your down with me I end your life, nigga, don't fuck around with me And if you kids can't listen, then you're bound to see The way you get shot for crossing the boundary

You played yourself thinking your down with me I end your life, nigga, don't fuck around with me And if you kids can't listen, then you're bound to see The way you get shot for crossing the boundary

The second verse is worse than the first in this respect Scripted specifically to keep people in check Harlem to Boston, real niggas spit with me But Landspeed, you ain't fucking shit to me

And underground labels know that I don't trust you You're only independent 'til you're major, so fuck you And if you're pissed off 'cause you think that I dissed you I'll rape your mom so we can make this a personal issue

'Dance With The Devil', remember that you're not on my level

Stupid, you're not ready, I won Disypher, Bragging Rights from Rocksteady
And practically every battle that they got in New York
And I still murder rappers on the street for sport

Doctor Guillotine cutting you short, little man
But you don't give me props 'cause I never won at Scribble Jam
Well, fuck you, I hope somebody you love dies, so fuck your crew
And fuck your family too
Technique said it bitch
What the fuck you gon' do?

You played yourself thinking your down with me I end your life, nigga, don't fuck around with me And if you kids can't listen, then you're bound to see The way you get shot for crossing the boundary

You played yourself thinking your down with me I end your life, nigga, don't fuck around with me And if you kids can't listen, then you're bound to see The way you get shot for crossing the boundary

Yeah. Wrap it up on these niggas. Wrap it up. Yeah

Immortal Technique incinerate degenerate fags Burn Trent Lott, wrapped in his confederate flag I got the Beretta with my face wrapped in a rag So put the African slave jewelry in the bag

Motherfuckers tell me that a diamond is forever What?

But is it worth the blood of Malcolm and Medgar Evers? House niggas get your head severed trying to be thug You don't concern me, I'm trying to hurt the people you love

Word of mouth is I'm in the club being sneaky
I'm like the body snatchers and your girl is getting sleepy
I'll murder you indiscreetly, right at the source
Like the Roman legionnaire that stabbed Christ on the cross

This is about Judo, it ain't about Jesus
And you shouldn't fucking talk about telekinesis
Nigga, please, moving shit with your mind
Try moving your moms out the projects with your rhymes

And next time, I'm coming after 'cual quiera' profanity Fucking 'carajo maldita mierda' Roll up 'de hierba, y pasala, para la isquierda'

Put the price up to listen to me pop shit 'Cause I got Martha Stewart giving me stock tips Underground money with honeys up in the whip Bangbus.com, nigga, fucking your bitch Yeah, played yourself, nigga
Fuck all ya, you don't know shit about me
Why open your mouth and discuss who the fuck I am
I thought I told you niggas on volume one, I wasn't fucking around
You just slept, 'cause you sold a few thousand units in the golden era
When niggas would buy anything on the shelf
But those days are through, and you are through with them

"The 4th Branch"

[Talking]

The new age is upon us

And yet the past refuses to rest in its shallow grave

For those who hide behind the false image of the son of man shall stand before God!!! It has begun

The beginning of the end

Yeah..

Yeah... yeah, yeah

[Verse 1]

The voice of racism preaching the gospel is devilish A fake church called the prophet Muhammad a terrorist Forgetting God is not a religion, but a spiritual bond And Jesus is the most quoted prophet in the Qu'ran They bombed innocent people, tryin' to murder Saddam When you gave him those chemical weapons to go to war with Iran This is the information that they hold back from Peter Jennings Cause Condoleeza Rice is just a new age Sally Hemmings I break it down with critical language and spiritual anguish The Judas I hang with, the guilt of betraying Christ You murdered and stole his religion, and painting him white Translated in psychologically tainted philosophy Conservative political right wing, ideology Glued together sloppily, the blasphemy of a nation Got my back to the wall, cause I'm facin' assassination Guantanamo Bay, federal incarceration How could this be, the land of the free, home of the brave? Indigenous holocaust, and the home of the slaves Corporate America, dancin' offbeat to the rhythm You really think this country, never sponsored terrorism? Human rights violations, we continue the saga El Savador and the contras in Nicaragua And on top of that, you still wanna take me to prison Just cause I won't trade humanity for patriotism

[Hook]

It's like MK-ULTRA, controlling your brain
Suggestive thinking, causing your perspective to change
They wanna rearrange the whole point of view of the ghetto
The fourth branch of the government, want us to settle
A bandana full of glittering, generality
Fighting for freedom and fighting terror, but what's reality?
Read about the history of the place that we live in
And stop letting corporate news tell lies to your children

[Verse 2]

Flow like the blood of Abraham through the Jews and the Arabs

Broken apart like a woman's heart, abused in a marriage The brink of holy war, bottled up, like a miscarriage Embedded correspondents don't tell the source of the tension And they refuse to even mention, European intervention Or the massacres in Jenin, the innocent screams U.S. manufactured missles, and M-16's Weapon contracts and corrupted American dreams Media censorship, blocking out the video screens A continent of oil kingdoms, bought for a bargain Democracy is just a word, when the people are starvin' The average citizen, made to be, blind to the reason A desert full of genocide, where the bodies are freezin' And the world doesn't believe that you fightin' for freedom Cause you fucked the Middle East, and gave birth to a demon It's open season with the CIA, bugging my crib Trapped in a ghetto region like a Palestinian kid Where nobody gives a fuck whether you die or you live I'm tryin' to give the truth, and I know the price is my life But when I'm gone they'll sing a song about Immortal Technique Who beheaded the President, and the princes and sheiks You don't give a fuck about us, I can see through your facade Like a fallen angel standing in the presence of God Bitch niggaz scared of the truth, when it looks at you hard

[Hook]

It's like MK-ULTRA, controlling your brain
Suggestive thinking, causing your perspective to change
They wanna rearrange the whole point of view in the ghetto
The fourth branch of the government, want us to settle
A bandana full of glittering, generality
Fighting for freedom and fighting terror, but what's reality?
Martial law is coming soon to the hood, to kill you
While you hanging your flag out your project window

[Talking] Yeah..

The fourth branch of the government AKA the media
Seems to now have a retirement plan for ex-military officials
As if their opinion was at all unbiased
A machine shouldn't speak for men
So shut the fuck up you mindless drone!
And you know it's serious

When these same media outfits are spending millions of dollars on a PR campaign
To try to convince you they're fair and balanced
When they're some of the most ignorant, and racist people
Giving that type of mentality a safe haven
We act like we share in the spoils of war that they do
We die in wars, we don't get the contracts to make money off 'em afterwards!
We don't get weapons contracts, nigga!
We don't get cheap labor for our companies, nigga!
We are cheap labor, nigga!
Turn off the news and read, nigga!
Read... read...

"Internally Bleeding"

Yea... Yea... Ay yo

The things I've seen in life will make you choke by surprise Like an aborted fetus in a jar that opened it's eyes Provoking my demise, I'll leave your spirit broken inside Like the feeling of 50 million people hoping you'd die And niggaz wonder why my heart is full of hatred and anger Cause some bitch killed my first born son with a coat hanger I strangled out the pain until my soul was empty and cold Crippled and worthless, so I thought that it could never be sold My mother told me that placing my faith in God was the answer But then I hated God cause he gave my mother cancer Killing her slow like the Feds did to the Black Panthers The genesis of genocide is like a Pagan religion Carefully hidden, woven into the holidays of a Christian I had a vision of nuclear holocaust on top of me And this is prophecy, the words that I speak from my lungs The severed head of John the Baptist speaking in tongues Like "Che Guevara" my soliloquies speak through a gun Paint in slow motion like trees that reach for the sun Nigga the preaching is done cause I don't got a DJ Like Reverend Run, I curse the life of any man who kills Benevolent ones, I never asked to be the messenger But I was chosen to speak the words of every African slave Dumped in the ocean, stolen by America Tortured, buried, and frozen written out of the history books. Your children are holding, internally bleeding, cold blooded Stripped of emotion, I go through the motions, but there's no Life in my eyes, it's like I'm hooked up to a respirator Waiting to die, hooked up to the fucking chair Waiting to fry, soothing an electrocution currently used In my execution, producing thoughts at the speed of light Burning confusion, I'm loosing my sight, breathing is tight The evening is white, I made my peace with the Lord and now I Stand on his right...

Death is a another part of life..

These are my last words, I'm having difficultly breathing
 Dying on the inside, internally bleeding

Angel of death dragging me away while I'm sleeping

Watching my world crumble in front of me, searching for meaning
 These are my last words, I'm having difficultly breathing
 Dying on the inside, internally bleeding

Angel of death dragging me away while I'm sleeping

Watching my world crumble in front of me, searching for meaning

"Cause Of Death"

[Talking]
Immortal Technique
Revolutionary Volume 2
Yeah, broadcasting live from Harlem, New York
Let the truth be known..

[Verse 1]

You better watch what the fuck flies outta ya mouth Or I'ma hijack a plane and fly it into your house Burn your apartment with your family tied to the couch And slit your throat, so when you scream, only blood comes out I doubt that there could ever be...a more wicked MC 'Cause AIDS infested child molesters aren't sicker than me I see the world for what it is, beyond the white and the black The way the government downplays historical facts 'Cause the United States sponsored the rise of the 3rd Reich Just like the CIA trained terrorists to the fight Build bombs and sneak box cutters onto a flight When I was a child, the Devil himself bought me a mic But I refused the offer, 'cause God sent me to strike With skills unused like fallopian tubes on a dyke My words'll expose George Bush and Bin Laden As two separate parts of the same seven headed dragon And you can't fathom the truth, so you don't hear me You think illuminati's just a fucking conspiracy theory? That's why Conservative racists are all runnin' shit And your phone is tapped by the Federal Government So I'm jammin' frequencies in ya brain when you speak to me Technique will rip a rapper to pieces indecently Pack weapons illegally, because I'm never hesitant Sniper scoping a commission controlling the president

[Hook]

Father, forgive them, for they don't know right from wrong
The truth will set you free, written down in this song
And the song has the Cause of Death written in code
The Word of God brought to life, that'll save ya soul..

Save ya soul motherfucker...save ya soul..

Yeah, yeah, yeah

[Verse 2]

I hacked the Pentagon for self-incriminating evidence Of Republican manufactured white powder pestilence Marines Corps. flack vest, with the guns and ammo Spittin' bars like a demon stuck inside a piano

Turn a Sambo into a soldier with just one line Now here's the truth about the system that'll fuck up your mind They gave Al Queda 6 billion dollars in 1989 to 1992 And now the last chapters of Revelations are coming true And I know a lot of people find it hard to swallow this Because subliminal bigotry makes you hate my politics But you act like America wouldn't destroy two buildings In a country that was sponsoring bombs dropped on our children I was watching the Towers, and though I wasn't the closest I saw them crumble to the Earth like they was full of explosives And they thought nobody noticed the news report that they did About the bombs planted on the George Washington bridge Four Non-Arabs arrested during the emergency And then it disappeared from the news permanently They dubbed a tape of Osama, and they said it was proof "Jealous of our freedom," I can't believe you bought that excuse Rocking a motherfucking flag don't make you a hero Word to Ground Zero The Devil crept into Heaven, God overslept on the 7th

[Hook]

The New World Order was born on September 11

[Verse 3]

And just so Conservatives don't take it to heart I don't think Bush did it, 'cause he isn't that smart He's just a stupid puppet taking orders on his cell phone From the same people that sabotaged Senator Wellstone The military industry got it poppin' and lockin' Looking for a way to justify the Wolfowitz Doctrine And as a matter of fact, Rumsfeld, now that I think back Without 9/11, you couldn't have a war in Iraq Or a Defense budget of world conquest proportions Kill freedom of speech and revoke the right to abortions Tax cut extortion, a blessing to the wealthy and wicked But you still have to answer to the Armageddon you scripted And Dick Cheney, you fucking leech, tell them your plans About building your pipelines through Afghanistan And how Israeli troops trained the Taliban in Pakistan You might have some house niggas fooled, but I understand Colonialism is sponsored by corporations That's why Halliburton gets paid to rebuild nations Tell me the truth, I don't scare into paralysis I know the CIA saw Bin Laden on dialysis In '98 when he was Top Ten for the FBI Government ties is really why the Government lies Read it yourself instead of asking the Government why 'Cause then the Cause of Death will cause the propaganda to die..

[Man talking]

He is scheduled for 60 Minutes next.

He is going on French, British, Italian, Japanese television.

People everywhere are starting to listen to him.

It's embarrassing

"Freedom Of Speech"

Freedom of speech, motherfucker Okay, something for the kids (hahaha)

[Pinocchio]

I got no strings to hold be down
To make me fret or make me frown
I had strings, but now I'm free
I got no strings on me

[Verse 1]

Step into the club smoothly with a L in my hand Bitches know that I'm a freak like the elephant man Intelligent plans Fuck a record deal, I want development land With my benevolent clan And that's the reason that I only trust my fam 40,000 records sold, 400 grand Fuck a middle man, I won't pay anyone else I'll bootleg it and sell it to the streets my self I'd rather be that than signed and stuck on a shelf And because of this executives try to diss me Racism frozen in time like Walt Disney And now they say they wanna get me signed to the majors If I switch up my politics and change my behavior Try to tell me what to rhyme about over the beat Bitch niggas that never spent a day in the street But I repeat that nobody can hold my reigns I put the truth on tracks nigga, simple and plain

[Pinocchio]

I got no strings, so I have fun I'm not tied up when we need one They've got strings but you can see There are no strings on me!

[Verse 2]

I guess to America I'm a disaster
A slave that was destined to own his masters
Independent in every single sense of the word
I say what I want, you fuckin little sensitive herb
This is America, I thought we had freedom of speech
But now you want try to control the way that I speak
And O'Reilly you think that you a patriot?
You ain't nothing but a motherfuckin racist bitch
Fulla hatred, pressin a button trying to inject me
But I ain't got no motherfuckin deal with Pepsi
No corporate sponser telling me what to do

Asking me to tone it down during the interview
Tryin' to minimize the issue, but I'm keeping it large
I love the place that I live, but I hate the people in charge
Speakin is hard when you got strings attached
So I'm a say it for you 'cause I ain't got none o' that
And if you didn't understand what I spit at your brain
Aiyyo son, let this little nigga explan:

[Pinocchio]
I got no strings, so I have fun
I'm not tied up when we need one
They've got strings but you can see
There are no strings on me!

Come on son, y'all niggas know the way I do
Immortal Technique-dot-com live for you
And I know sometimes it be making you nervous
The way I snatch puppet rappers that belong in a circus
You motherfuckers just can't compare
Looking for a fan base that's no longer there
I know that you're scared, and you're hidin' up in the cut
But this is freedom of speech nigga, tell 'em what's up

Word nigga, fuck John Ashcroft! Nigga, fuck Fox News! Fuck those snake-ass bitches Tryin to manipulate your opinion, tellin you what to think Word the fuck up, like "we invaded niggas 'cause we want to free them"

You racist motha fucka, you don't give a shit about those people

You can suck my dick!!

(hahahaha)

Another rum and coke at the bar, nigga
Its my day off, word up
Fuck, for the kids, (ha) for the kids (hahaha)
Beat Bandits

"Leaving The Past"

They told me I would never make it, I would never achieve it Reality is nourishment, but people don't believe it I guess it's hard to stomach the truth like a bulimic It's a dirty game and nobody is willing to clean it But this is for the paraplegic, people dreamin' of runnin' Ladies married to men who don't please 'em, dreamin' of comin' Verbally murderous like David Berkowitz when I'm gunnin' Some cowards on the Internet didn't think I would sell Scared to talk shit in person, 'cause they stuck in a shell And couldn't understand the pain of being stuck in a cell Hell is not a place you go, if you're not a Christian It's the failure of your life's greatest ambition It's a bad decision to blindly follow any religion I don't see the difference in between the wrong and the wrong Soldiers emptyin' their clips at little kids and their moms Are just like a desperate motherfucker strapped to a bomb Humanity's gone, smoked up in a gravity bong By a democrat republican Cheech and Chong Immortal Technique, you never heard me preach in a song I'm not controversial, I'm just speakin' the facts Put your hands in the air like you got the heat to your back And shake your body like a baby born addicted to crack And since life's a gamble like the craps tables at Vegas I freestyle my destiny, it's not written in pages

I hate it when they tell us how far we came to be As if our people's history started with slavery Painfully I discovered the shit they kept a secret This is the exodus like the black Jews out of Egypt I keep it reality based with the music I make Blow up the truth in your face with the style I run with Like the Navy missile that shot down Flight 800 I'm like the Africans who came here before Colombus And from the fifteen hundreds until after the morrow I watch Latin America get raped in the sorrow You see the Spaniards never left despues de Colon And if you don't believe me, you can click on Univision I never seen so much racism in all of my life Every program and newscast, all of them white It's like Apartheid with 10 percent ruling the rest That type of stress 'll make me put the fucking tool to your chest Step in my way nigga, I wouldn't wanna be ya I burn slow like pissing drunk with gonorrhea I'll do a free show in North Korea, burning the flag While J. Edgar Hoover politicians dress up in drag Try to confuse you, makin' it hard to follow this: Capitalism and democracy are not synonymous

You swallow propaganda like a birth control pill
Sellin' your soul to the eye on the back of the dollar bill
But that will never be me, 'cause I'm leavin' the past
Like an abused wife with the kids, leavin' your ass
Like a drug addict clean and sober, leavin' the stash
Unbreakable Technique leavin' the plane crash
I'm out with the black box and I refuse to return
I spit reality, instead of what you usually learn
And I refuse to be concerned with condescending advice
'Cause I'm the only motherfucker that could change my life

Some people think I won't make it
But I know that I will
Escape the emptiness
'Cause that shit is slow and it kills
The flow and the skill
I made y'all believe that it last
You can make the future
But it starts with leaving the past

"You Never Know"

(feat. Jean Grae)

[Immortal Technique:]

She was on her way to becoming a college graduate Wouldn't even stop to talk to the average kid The type of Latina I'd sit and contemplate marriage with Fuck the horse and carriage shit, her love was never for hire Disciplined, intellectual beauty is what I desire Flyer than Salma Hayek or Jennifer Lopez Everyone told me, kickin' it to her was hopeless At first I just thought she didn't mess with broke kids The thug niggas always talking about how they smoke kids But the rich-sniff-coke kids got no play "I'm not even interested" is what her body language would say Everyone around the way gave up trying to get in it It didn't matter how good your game was, she wasn't with it On the block, bitches was jealous but wouldn't admit it Talk shit, and deny to everyone that they did it, 'cause they regretted the long list of niggas that they let hit it And no one ever gave them shit except McDonald's and did-dick Smoking weed, with thoughts of envy whenever they lit it She spoke intelligently and they bit it, always trying to copy But when they tried to use her vocab they sounded sloppy She had a style, all her own, respectful and pure

[Jean Grae:]

I was sick in the head for her, and there wasn't a cure

Don't you know that time waits for no man?

My fate, it's all planned
I'm blessed just to know you
I've loved and I've lost just to hold you all night
Can't find a reason why
God came between you and I
If I had the chance again, I'd never let you go
Hold tight to your love, 'cause you never know

[Immortal Technique:]

Her eyes are brown and beautiful, yet empty and sad
I used to talk to her occasionally, and she was glad
That I wasn't just another nigga trying to get in it
So every now and then we'd stop and talk for a minute
I didn't have a gimmick, so the minutes turned to hours
On her birthday I gave her a poem with flowers
Then I took her out to dinner after her cousin's baby shower
We talked about power to the people and such
We spent more time together, but it was never enough
I never tried to sneak a touch or even cop a feel
I was too interested in keeping it real
Perfectly honest and complete

She would always call me "cariño" and never Technique Bought me a new book to read every two or three weeks Forever changing the expression of my thoughts when I speak It was because of her I even deaded all of my freaks She convinced me to stop hanging out on the streets To stop robbin' and stealing from people like you Instead I took her out to the Apollo and the Bronx Zoo Museo del Barrio, and the Metropolitan too Got to the point when I was either with her or my crew So I decided one day to tell her my feelings was true I couldn't live without her, so I told her, facing my fears But honey's only response was a face full of tears She could only sob hysterically, holding me tight I tried to speak, but she wouldn't stop until I left sight I felt like a moth who got himself too close to the light Except I didn't burn, I turned cold after that night

[Jean Grae:]

Don't you know that time waits for no man?

My fate, it's all planned
I'm blessed just to know you
I've loved and I've lost just to hold you all night
Can't find a reason why
God came between you and I
If I had the chance again, I'd never let you go
Hold tight to your love, 'cause you never know

[Immortal Technique:]

I went on with my life, college and my career Ended up locked up like an animal for a year Where the C.O.'s talk to you like they were the overseer Then I got sent to the hole when my exit was near At night in my cell, I'd close my eyes and I'd see her Hold her close in my dreams, but when I woke she disappeared Just an empty cell until the state gave me parole In the summer, came back, intact and on track But the fact of the matter is I still felt cold Even after my mother hugged me, crying at home My real niggas would catch me thinking, outta my zone Fucking lots of different women, but I still felt alone Relatively well-known around the New York underground But I kept thinking of her and how we used to be down The sound of her voice, and the beautiful smell of her hair Though gone physically, somehow it was still there I had to do something because the shit was too much to bear So I went and visited the building where she used to live The world looks a lot different after you do a bid The way your life done changed While primitive minds are still stuck in the same game Like her cousin who was on the corner, slanging cocaine Stepped in the lobby, and tapped the button next to her last name Her mom buzzed me up and hugged me up like a mother oughta But her facial expression changed

When I asked about her daughter

[Jean Grae:]
Don't you know that time waits for no man?
My fate, it's all planned
I'm blessed just to know you
I've loved and I've lost just to hold you all night
Can't find a reason why
God came between you and I
If I had the chance again, I'd never let you go
Hold tight to your love, 'cause you never know

[Immortal Technique:]

She told me that there was a note, for me, that was left behind

And she had left it there waiting for such a long time
I was inclined to ask about it, but she brought it up first
I saw a tear swelling up in her eye, and then she cursed
She told me where the letter was, and I started thinking the worst
Reversed my position, stepped over and opened the door

And sure enough there was an envelope
With my name on the floor: "Nobody loves you more than me, cariño," is what the letter said

"By the time you get to read this, I'll probably be dead
But when you left in '97, a part of me went to Heaven
I thank God at least I got to know what love really was
But it hurt me to see what true love really does
'Cause even though we never made love
You were all that there was
It was because I loved you so much that I had to make you leave
You made me doubt the way I thought
You made me want to believe
And then I slipped up, and I let you get close to me
It was hard to not be openly when people spoke to me
This was not the way I thought my life was supposed to be
Baby, don't you see?

I had a blood transfusion that left me with HIV
Hope didn't exist for me since late in 1993
I died a virgin, I wish I could've given myself to you
I cried in the hospital because there was no one else but you
Promise that you'll meet me in Paradise inevitably
No matter what, I'll keep your love forever with me"

What happened for the rest of the day is still a blur
But I remember wishing that I was dead, instead of her
She was buried on August 3rd
The story ends without a sequel; and now you know why Technique don't fucking fall in love with people
Hold the person that you love closely if they're next to you
The one you love, not the person that'll simply have sex with you
Appreciate them to the fullest extent and then beyond
'Cause you never really know what you got until it's gone

"One (Remix)" (feat. Akir)

[Intro]

[Akir:] Yo tech, it's the last call baby it's good
[Immortal Technique:] Yeah, you know a remix just feels right dog?
[Akir:] Before we get outta here, you gotta drop one last gem on them
Knahmsayin?

[Immortal Technique:] No question, it's like the elders told me
No one person can do anything, but everyone can do something
So we gotta rep, for all the niggaz that ain't here right now
[Akir:] The outro tip, the One Remix, yo

[Akir]

One Enterprises, comprises the artist and the sound The pen and paper plays my savior while I'm getting down Pray for my nieghbors as a favor for holding me down Slave for my papers as I savor the way that it pounds It's underground, but the blatent vibrations widely found Facing the nation complacent radio stations now Stop hesitaing and contemplating the way we paitient Start motivating and get them playin the shit we sayin Ain't no delayin in this war that we gettin slayed in Cause times a waistin while we stand adjacent to abrasions They fouls are more than flagrant And so I see the prisons cages while I pound the pavement Looking for payment saying fuck enslavement Usin the tools of old ancients Announcing my engagment to this music that we making Ain't no faking on tracks, and we ain't never come wack (never!) Immortal Technique in the trenches with my nigga Akir Our family surived the genocides so we can be here And now we enterprise the aftermath, one in the same Living the revolution 'till we catch one in the brain And even then my spirit will return in heavenly form And wipe the chess board clean, of my enemies pawns The red don communist threat, burried and gone So they invented a war, the government can carry on It makes me wonder if the word of god is lost in the man This is for the children of Iraq, lost in the sand This is for the illest emcees that'll never be known And this is for all the soliders that'll never come home I wrote this for Momia, stuck in a beast For people who, march in the streets, and struggle for peace For hood niggaz, born rugged, never rocking Versace Eddie Ramierez's cousin George, and my old friend Sashi Chris from the block, and all my niggaz stuck in a cell Paul Wolfowitz, motherfucker I'll see you in hell My destiny is to show the world, that the music is real Go back in time and play this shit, for the slaves in the field And for my children in the future, waiting to breathe People slowly dying hanging on, waiting to leave Believe when I'm gone, and this album's on a library shelf I'll be one with god and one with you and everything else

[Hook]

[Immotal Technique talking] Yeah..

Revolutionary Volume 2 has been brought to you
By the type of motherfuckers who ain't scared of shit
And if you playing this album, and I'm no longer here
And sometime far away from when I recorded this
Remember that history

Isn't the way the corperate controlled media made it look like
Read between the lines and free your mind
Revolution is the birth of equality
And the anti-thesis to oppression
But this is only built for real motherfuckers

So when I'm gone, don't let nobody I never got along with

Try to make songs kissing my ass, recycling my beats or my vocals

The shit is real over here man

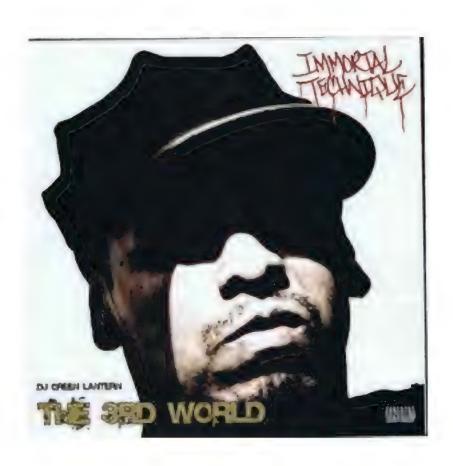

tank you for listening, and thank you for supporting independent Hin Ho

Thank you for listening, and thank you for supporting independent Hip Hop

The heart and soul of our culture

Keeping the truth alive

Goodnight my people.. goodnight..

Peruvians, Haitians, Ecuadorians, Nicaraguans, Colombians, Salvadorians

Invansion and rampant monetary inflation That brought us all to the footsteps of this nation [2x]

Invansion and rampant monetary inflation That brought us all to the footsteps of this nation Peruvians, Haitians, Ecuadorians, Nicaraguans, Colombians, Salvadorians They call us terrorists after they ruined our countries Funding right-wing paramilitary monkeys Tortured our populace then blamed the communists Your lies are too obvious, propoganda monotanous And that's not socialist mythology This is urban warfare through the streets of your psychology So I'm like the legs of a paraplegic really Cause I'm still part of you even if you can't feel me You can never debate me, The M4s at your baby Like troops with gats in Iraq do daily So you can marginalize the way you portray me But don't get Hollywood and try to play me We can shoot it out in the theater like troops in the 80s New Jack City classic crap era, mack-milli Shouting BET is not black-owned on Rap City You got a contract to kill me motherfucker, that's fine Cause there's a contract to kill your family when I die So when your car explodes, don't be surprised Soldier, I'm like Marine Corp C4 Even blow the spot with the beat rocking at 3/4 Canvas the flow like the ghost of Michaelangelo This is the anthem, Immortal Technique and Green Lantern Don't say shit bitch, you don't want the "check, check" To become a ..chick, chick.. You know what I'm sick with Lyrical tuberculosis, cocaine overdoses

Blood coming out your noses, that's when death approaches

March to my death smilin, laugh if the end's violent There's no escape from this political asylum

Revolutionaries don't fear execution

Cause the death of my visible Constitution

Is just the beginning of spiritual evolution

God will reincarnate me as revolution

[DJ Green Lantern]

"That's What It Is"

[Invasion]

Ok... let's go... talk to em'... holler

Don't you get tired of hearing niggas say that shit?... all the time?

Why can't you shut the fuck up and rhyme nigga?!

[Invasion]

Yeah... yeah... used to run around getting my fight in the streets on Back in the day before Harlem had a green zone What good is a good education with no direction? Like the right to vote with no one to vote for in an election Like a gun with no bullets in the clip for protection Like the crowd packed in the front without the midsection Used to live robbing and stealing and being reckless It took time for my mind to put the ghetto in perspective I used to live in the back, of a holding van Used to be offbeat, like the white girls' shoulder dance I wrote rhymes a cappella, no beat, behind bars Shed blood to make it, like the story behind scars I used to be a battle champion, in the meanwhile Before some of you little fuckers learned to freestyle Prematurely senile, underground prima donnas I was Oliver North during Iran Contra Cause I, never snitched, and that's backed by evidence I learned it by watching you, don't ever forget it bitch Cause everybody knows how the government do They never snitch on themselves, but they want you to snitch on YOU **Evolution from Australopithecus** Primitive commercial shit to hard-core lyricist Your wax is useless Rappers are dropping like Icarus Technological revolution... nigga picture this

(motherfucka what?)

Yeah... I told you what it was, but this is what it is now
Lyrical bullets, packed to the top of the clip now
Treat it like a robbery, I'm shutting this shit down
Fellas put your hands up and the all the women strip down
That's not misogynist, you ostriches, cause I could just, apocalypse
Talk politics to the populace
Or challenge what the market is
With militant caucuses
That'll smash the spirit of Hip Hop out the sarcophagus
This is the curse of Tutankhamen, I bring the drama on
I'm sinful, I eat you, broad daylight on Ramadan
Hip Hop, reparations, now we taking back Delucci

Don't tell me you spent it on coke, like Danny Bonaduce We're tired of being on the outside, looking in Wondering what the fuck Hip Hop would've been This is what it is, as opposed to what it used to be
And this is your corporate tax ID eulogy
Dominant speech is the new breed, that won't let you breath
I'll make you die for what I believe
So we got nothing in common
There ain't no comparison
You got beef with niggas, I got beef with Aryans
White power Nazi European Americans
Rapid Poverty pimps, and fake vegetarians
The resurrection, ripping a ball through the record (wrecking?) section
Flight connection to the gentry board of all guerrilla lessons
Fuck a middle man distributor, I got a choice now
This ain't Volume 1., I got a grown man's voice now
Toured the country four times over, I'm older and wiser
Poisonous words, you'll find strychnine in my saliva

(motherfucka what?... Bring it to 'em raw)

I told you what it was, but this is what it is now 50 caliber bullets, I don't need a clip now Fuck your private jet nigga we shooting the shit down Bomb wall street and make the stock market dip down I told you what it was, but this is what it is now you the shit nigga, I don't care about shit now I play the role of Abraham, idols get ripped down Melt the ice caps, and make all of this shit brown

"Golpe De Estado"

[Intro]

Lamentablemente, las condiciones que estamos viviendo en han llegado a seruna miseria insoportable para la gente Pero hay unas veinte patrias engreidas que todavia creen en una sociedad de antes donde los artistas fuimos bestias de trabajo para la industria Ese sueño se ha acabado

Y ahora nos encontramos despiertos en la hora de revolución porque no podemos llamar esto un 'movimiento' si toda la propiedad intelectual pertenece a los que nos oprimen

> Yeah! Yeah! Yeah! Motherfucker! Ya te dije Que se ha acabado la mierda

[Immortal Technique]
Nos compraron el alma barata
Hasta la sangre nos sacan, atacan
Y con un contrato te atrapan
Pero primero me matan hermano
Porque prefiero morir
Peleando que ser esclavo
Industria sucia
Toma lluvia de acido
Aprende la historia del hip hop clasico

Cuando controlan el negocio y la cultura
La musica se vuelve en comercial basura
Y la reina latina, pintada como gallina
Es mas que bailarina o puta en la esquina
Es abogada, profesora, madre, soldada
Y carga nuestro futuro cuando está embarazada
Mira nuestra gente crucificada
Y la manera desgraciada
Que estos perros no hablan de nada
Más que fiestas y riqueza
Que la gente no tiene
Asi que ahora vas a ver
La violencia que viene

Un movimiento de verdad ha empezado Dejamos el imperio corrupto descuartizado Golpe de estado disparando al presidente Es hora de revolución nuevamente

Un movimiento de verdad ha empezado

Dejamos el imperio corrupto descuartizado Golpe de estado disparando al presidente Es hora de revolucion nuevamente

[Temperamento]
Golpe de estado el mercado me tiene bravo
Hermano yo pinto el cuadro
Y el barrio ya esta cansado cabron
Yo te lo juro que lo que yo sudo es puro
Ustedes son burros
Que venden el culo por el reggaeton
Abre los ojos, cojo el presidente del sello
Bobo le rompo el cuello al pendejo
Solo con mi cañón

No tengo miedo guerrero por eso muero Y me quedo con tiraera Porque ella llama la atencion

Levanta publico mano te tienen imnotisado Entrenado inyectandote mierda con la estacion

Temperamento rey del movimiento Este es mi tiempo Con mi cancion Hasta Tempo sale de la prision Por mis palabras tengo seguidores Rapeadores en todas las naciones Comisiones de aplicar presion Yo soy la epidemia, la saga, las nueve plagas La misma palabra en la biblia Que habla de Armagedon La competencia es riqueza Que tristeza Que tengo que romperle la cabeza Pa que me pidan perdon Perriando quiere decirte que tu eres de la brutas No te gusta que te llamen puta escucha la cancion El sandunguero es tan feo Que es con doble sentido Le dicen a tu hijo que lo haga sin condon El estremera y el capital inmortal

[Translation]

Vamos a gritas pa que viva la revolucion

Pitifully (deplorably/sadly), the conditions that we're living in have become an insupportable misery for the people
But there are some twenty conceited countries that still believe in an archaic (old/outdated/outmoded/antiquated/anachronistic) society where the artists were beasts of burden for industry

That dream is over with

And now we find ourselves awakened at the time of revolution because we cannot call this 'change' if all intellectual property

belongs to those who aren't {?}

Yeah!
Yeah!
Yeah!
Mother fucker!
I already told you
That the shit is finished!

[Immortal Technique]
They bought our souls cheap
Even blood they take from us, they attack us
And with a contract they trap you
But first they'll kill me, bro
Because I prefer to die
Fighting than to be a slave
Dirty industry, drink acid rain
Learn the history of classic hip hop

When they control business and culture
Music becomes commercial garbage
And the Latina queen painted like a chicken
She's more than a dancer or a whore in the corner
She is a lawyer, teacher, mother, soldier
And bears our future when she is pregnant
Look at our crucified people
And the disgraceful way
That these dogs do not talk about anything
Other than parties and riches/wealth
That the people don't have
Therefore/Thus now you're going to see
The violence that comes

A movement of truth has begun
We're leaving the corrupt empire in pieces
Coup d'etat shooting the president
It is time for revolution again

A movement of truth has begun
We're leaving the corrupt empire in pieces
Coup d'etat shooting the president
It is time for revolution again

"Harlem Renaissance"

"Let me welcome both of you uh, to the show this morning to talk about what I consider to be a very very important topic, uh, the Harlem Renaissance But before we get into that..."

[Immortal Technique]

Yeah, Harlem once was red line district rated (uhh)

Designated ghetto like the yellow star of David

And you wonder why, people don't own they homes (why?)

Cause the racist bank wouldn't fuckin mortgage a loan

Harlem once was red line district rated (uhh)

Designated ghetto like the yellow star of David

And you wonder why, people don't own they homes (why?)

Cause the racist bank wouldn't fuckin mortgage a loan {WAKE UP!}

Harlem once was red line district rated (uhh) Designated ghetto like the yellow star of David And you wonder why, people don't own they homes (why?) Cause the racist bank wouldn't fuckin mortgage a loan Until after the invasion of, gentrification Eminent domain intimidation, that's not negotiation And it's frustratin to look at, every day Like watchin a porno, on 56-K Biohazard labs instead of store rooms What's next motherfucker, projects as dorm rooms? You ain't fool nobody in this community duke With your little fake Manhattanville community group Ivy league, real estate firms are corrupt I lay siege to your castle like the Moors in Europe They treat street vendors like criminal riff-raff While politicians get the corporate kickbacks (snakes)

[Chorus: Immortal Technique]
Harlem Renaissance, a revolution betrayed
Modern day slaves thinkin that the ghetto is saved
'Til they start deportin people off the property
Ethnically cleansin the hood, economically
They wanna kill the real Harlem Renaissance
Tryin to put the Virgin Mary through a early menopause
The savior is a metaphor for how we set it off
Guerrilla war against the re-zoning predators

[Immortal Technique]

When I speak about Harlem, I speak to the world
The little Afghan boy, and the Bosnian girl
The African in Sudan, the people of Kurdistan
The third world American, indigenous man
Palestinians, Washington Heights, Dominicans
Displaced New Orleans citizens

Beachfront Brazilian favelas that you livin in The hood is prime real estate, they want back in again (fuck outta here) I didn't write this to talk shit, I say it because some of y'all forgot what the Harlem Renaissance was We had revolution, music and artisans But the movement was still fucked up like Parkinson's Cause while we were givin birth to the culture we love Prejudice, kept our own people out of the club Only colored celebrities in the party (fake nigga!) And left us a legacy of false superiority W.E.B. Du Bois versus Marcus Garvey And we ended up, sellin out to everybody The Dutch {?} and the John Gotti's Banksters, modern day gangsters, immobile army They wanna move us all out the N.Y.C. Like they did to the Jews with the Alhambra decree So support your own businesses and do the knowledge Cause the real Harlem Renaissance is economic (yeah)

[Chorus]

{"Green Lantern... The Evil Genius!"}

"When they were saying it is the renaissance, of Harlem they didn't mean, that we had stake in that They meant to say that they could make money out of us"

"They are coming in with all kind of prejudices
In Brooklyn they're doing the same thing
In, um, Queens they're doing the same thing; the Bronx
There's hardly any place which is affordable
I mean these people are putting up condominiums
which start from a million dollars
How many people in this community make that kind of money?
How many people have that kind of money?"

"People of Harlem, they are the natural allies of the oppressed people of the world, whether the struggle is in Panama, in Africa, Cuba"

"We spend money with the wrong people
We are looking for love, with people who don't love us
What's wrong with us loving each other
and making sure that we are protected?"

Until the jury comin and move for the prosecution And them brothers act like a born-again Huey Newton Forgot about the bullshit music they was producin But my niggaz aim precisely, through the confusion - AND

[Crooked.I]

I got a hundred shooters with me, Rugers shoot you through the kidney Stand in front of the judge and lie quicker than Scooter Libby I'm runnin through the city - dear God If I murk the racist Rush Limbaugh I wonder would you forgive me? Somebody told me glim back as the plan's over See ya, time to let him see a damn soldier Flip your Landrover, I told ya I blam toasters Gun pop off like the mouth of Ann Coulter This is my gangsta religion See I aim with precision, point blank the position I'm black as them ancient Egyptians Before European historians went and changed the description I'm blamed for the 'caine in the kitchen The C.I.A. playin with the pigeons, same pain that I'm pitchin (yea) Listen, you dudes better watch the hook I'm a boxer, coppers'll come up, Hoffa look They wanna get rid of this conscious crook Like I'm a Gnostic, apocryphal, non-canonical Gospel book But I ain't goin nowhere, that's the motherfuckin truth America don't care for its inner city youth - so I

[Chorus]

[Chino XL]

Puerto Rican superhero! And Jacob ain't your friend, he's a fuckin jeweler BLAP, BLAP! I shoot the cats off your fuckin Pumas!

[Chorus]

"The 3rd World"

Immortal Technique and DJ Green Lantern Third World mother fuckers!

[Immortal Technique]

I'm from where the gold and diamonds are ripped from the earth right next to the slave castles where the water is cursed from where police brutality's not half as nice It makes the hood in America look like paradise compared to the AIDS-infested Caribbean slum African streets where the passport's an a American gun from where they massacre people and try to keep it quiet and spend the next 25 years tryin' to deny it I'm from where they cut your hands off if you make a fist and niggas grow coca cause the job market doesn't exist except slave labor modern day company store and peace keeper's don't ever ever ever come here no more from where the bombs that they used to drop on Vietnam Kill us children born deformed eight months before they born I'm from where they lost the true meaning of the Qur'an 'cause heroin is not compatible with Islam And niggas know that, but grow that poppy seed anyway 'cause that food drop parachute does not come everyday I'm from where people pray to the gods of their conquerors and practically every president's a money launderer From the only place democracy is acceptable Is if America candidate is electable And they might even have a black president, but he's useless 'Cause he does not control the economy stupid!

[Chorus]

Lock and load your gun, where I'm from: the Third World son
Been to many places but I'm Third World-born
Guerrillas hit and run where I'm from: the Third World son
You polluted everything, and now the Third World's gone
The waters poisoned where I'm from son: the Third World son
Seven hundred children die by the end 'this song
Revolution'll come, where I'm from: the Third World son
Constant occupation, leaves the Third World torn

[Immortal Technique]

I'm from where the catholic church is some racist shit
They helped Europe and America rape this bitch
They pray to white Spaniard Jesus, who's face is this
But never talk about the black Pope Gelasius
I'm from where soviet weapons still decide elections
Military is like the mafia: you pay for protection
kinda like sex toys, is what the country sells
And rich white businessmen make the best clientele
I'm from where they too pussy to come film Survivor

And they murder Coca-Cola union organizers I'm from where the justice system esta podrido Fuck government niggaz politic over perico Rebelde conocido, enterado vivo, como otro argentino desparecido cause Rico laws don't apply to the CIA and mother fuckers make sneakers for a quarter a day I'm from where they overthrow democratic leaders not for the people but for the Wall Street Journal readers from where blacks, indigenous peoples and Asians were once slaves of the Caucasians and it's amazing how they trained them to be racist against themselves in a place they were raised in and you kept us caged in destroyed our culture and said that you civilized us raped our woman and when we were born you despised us gentrified us, agent provocateurs divide us and crucified every revolutionary messiah so I'ma start a global riot that not even your fake anti-communist dictators can keep quiet fuck your charity medicine, try to murder me the immunizations you gave us were full of mercury so now I see the Third World like the rap game soldier nationalize the industry and take it over!

[Chorus]

"Hollywood Driveby"

(feat. PsychoRealm, Sick Symphonies)

[Immortal Technique]

Somebody talk shit to me in L.A., would never live Cause brown rolls deeper than red or blue, ever did I got bullets that'll rip through yo' ribs More painful than watchin R. Kelly piss on yo' kids Here's the ultimatum motherfucker, give me the ASCAP Or give America Biggie and 2Pac flashbacks Some niggaz don't think the underground is grimy and dirty 'til they find your body on a fuckin highway in Jersey I fire rockets at generic topics Your lyrics don't hold weight, like two-dimensional objects Cause jail culture didn't give you that fitted hat to memorize a ghostwritten shit verse and spit it back I won't let your wack rhymes redefine lyricism For a whole generation with they fathers in prison You live inside the image of an era that's gone Like government officials tryin to justify Vietnam I leave niggaz traumatized, like they momma died And they was responsible for the drive-by homicide And I don't market revolution, I live it What you think cause you fake everyone else is a gimmick? Jealous bickering, industry slaves, the nerve of you Like a child prostitute born into a life of servitude Until we murder you, makin the red carpet burgundy With PsychoRealm in the streets where I prefer to be

[Chorus: Immortal Technique]
Hollywood drive-by, motherfuckin murder-fest
Weed clouds in the air, that cause turbulence
Revolucion, motherfucker you heard of it
I light the spliff with the flag, while I'm burnin it
Hollywood drive-by, sprayin the cucarachas
War with the system like the streets of Oaxaca
Yeah, revolucion, motherfucker you scared of it?
Well it's comin to the industry now, so be prepared for it

[PsychoRealm]

You're on some bullshit tracks, I spit them full-clip raps
While most of these gangsta rappers are some full-fledged rats
You're on some bullshit tracks, I spit them full [scratches]
You're on some bull {*scratches*} you're on some bull [scratches]

You're on some bullshit tracks, I spit them full-clip raps
While most of these gangsta rappers are some full-fledged rats
The real G's stay strapped in full combat
What you see in the videos is full-on acts
The streets don't believe you homie
Armageddon in the rap game is comin and we lead the army

Rock tear a tape out of yo' sounds
Got hostages in pink, this is what they call hip-hop now?
I keep that metro shit out of my whip
Man that dummy rap is through makin money, it's about to extinct
You know the radio tryin to kill rap with that shit
The only thing dyin is the DJ's when the K spit
We're here to CEO's, and blow up A&R's
I'm takin your chips like crashing your game of cards
This is how I eat holmes, I would give you buzz
And take the life of these stars for this thing of ours

[Chorus]

[Sick Symphonies]
Yeah, uhh

I'm from the city of falling stars, the home of banging hard Waiting for them at the Radio City Hall to snatch 'em out their fucking cars Expose 'em for what they are - NARCs, jakes, snake informants Feeding us horse shit, blaze up all of them They say hip-hop doesn't exist Rappers talking hard dressed up like punk rock kids Pumped up by some corporate endorsement, dead corpses are voiceless No one hears ya homie, ya little fame is over We'll send little homies foreclosure like bankers, cause you owe us the mortgage For exploiting the lifestyle that many died, jailed up in storage Leaving most of us hopeless, homies radio focused What we're building got 'em all afraid Give me the K, I'll be honored to ignite the flame that'll, burn down the game, what's fame? Keep it A movement, a sonic war, motherfucker you sleepin

[Chorus]

"Watchout Remix"

[Immortal Technique]
You know back in the day, some of y'all
Would shout out Allah's name like he was hostin yo' mixtape
Then after 9/11 you got scared and shut the fuck up
Didn't talk about the demonization of a culture, immigrants, nothin
Now you show up, talk about we takin it too far
Die slow! MOTHERFUCKER!

Yeah, 100 percent independent, I'm the fuckin boss I sold 80,000 off a quotable in The Source The hood is not stupid, we know the mathematics I made double what I would going gold on Atlantic Cause EMI, Sony BMG, Interscope would never sign a rapper with the White House in his scope They push pop music like a religion Anorexic celebrity driven financial fantasy fiction Contradiction cause the life we was given resembles life in prison Fed time with Manuel Noriega The real Noriega, who did America 100 favors with Contras, the Shah and the CIA Movin Escobar's coke through the M-I-A This is +The 3rd World+ speakin, through a dead man walkin And everybody talkin 'bout the South takin over It's true motherfucker, but it's comin over the border Fuck your chain, my people'll kill you for water Fuck fans nigga, I got soldier supporters that'll cut your throat if you strapped with a tape recorder That's right motherfucker, welcome to the New World Order Where the truth is always censored by corporate reporters The government, runs the drug politics on the corner That's why I never stress rappers and their employers I put a bag over his fuckin head and torture your lawyer Cause it's too simple to shoot ya - I'll taser the roof of your mouth and electrocute ya, I'll root you out with the Ruger The German Luger, U-boat, and the troops in the scuba Nigga you can't overthrow me like the island of Cuba! I need more than advancements and a rented mansion So while you little house niggaz is singin and dancin I'll kill you and take your land like an Israeli expansion {"Invasion"}

"Reverse Pimpology"

(feat. Mojo)

[Immortal Technique]
Hypocrites, hookers, sex offenders
Y'all niggaz wanna be pimps and players?
This ain't 1997 nigga

I'd rather be rich and unhappy than broke and miserable Cause the game don't give a FUCK if you lyrical And that's pitiful, so my position is pivotal You can hate me all you like but you worship the principle I inspire revolution, the government's not invincible Vietnam to Venezuela, trick knowledge, they pimpin you All up in the hood like McDonald's and liquor Selling AIDS medicine, when we know you got the cure nigga (woo!) You leery of conspiracy theory but hear me Throw a business perspective, it makes more sense clearly Cause moreover, that's what we go to war over And numbers don't lie unless we do Bush and Gore over Free markets make money disingenuously But I invest in agriculture, biochemistry Smart nigga from the hood, pussy, what type of crime is that? But exec's are like, "You from Harlem? Where your diamonds at?" Stupid

[Mojo]

Can't dodge the game

If you lookin for the money or the fame (oh-ohh)

The players and the rules ain't changed (oh no)

But see we tryin to leave a name

So we're turnin out

[Immortal Technique]

Yeah, this is how pimps get pimped and players get played Rich people get robbed and, broke niggaz paid New York, London, Chicago, Philly and L.A. Miami, D.C., B-more and out in the Bay

[Mojo]

We're tearin it out of the frame
See we deserve to stake that claim
If we didn't it's a cryin shame
What we're concerned about is how to turn it out

[Immortal Technique]

Show me a pretty girl, with the world stuck to her
And I bet you there's a brother that's tired of fuckin her
Lots of niggaz girls is someone else's one night stand
I probably made some bitches nervous listenin with they man (ha ha)
And if that offends somebody, I'm sorry, fuck you!

What you think, revolutionaries don't like to fuck too?
You just gotta beware of dangerous coochie
Cover ya head like a kufi, some rappers think that they live in a movie
Until they get herpes or clap from a groupie
And I don't need to shout you out, nigga you know who you be
Look, most people are only players cause they got played
And have not, let go of that, shit since the 7th grade
Yeah you got your heart broke, life sucks, doesn't it?
But you shouldn't fuck up someone else's life because of it
Someone did your mother like that, that's why you fatherless
Before jail or racist cops, that's what the problem is

[Mojo]

Recognize the game
See who's the one to place that blame
We gettin trapped in a cycle of pain
With a generation headed down the drain
Time we turn it out

[Immortal Technique]

This is how pimps get pimped and players get played Beautiful women get, cheated on and gangstas sprayed Jersey, Detroit, Denver, Phoenix, Atlanta Texas, Vegas, Seattle and fuckin Louisiana

[Mojo]

Regardless of money you payin
Just spendin, hold a watch and a chain
But can't offer your children a thang
What the hell is goin on in your brain?
We gon' turn it out

[Immortal Technique]

Yeah, I'm not a crack rapper, I'm not a backpacker (ha ha ha) I'm not a wack rapper, moonlighting as a bad actor I treat labels like the projects, cause I'm a hater (what!) Go to the Sony building and piss in the elevator Cater to hustlers, crooks and cheap smugglers Bootleg my own album, to reach customers (yeah) Every city, state and country, the hood love me Even Aborigines, in Australia bump me They say underground fans are all the color of talcum But who the fuck you think buy 50 and Jay albums? Who the fuck you think made Snoop and Dre platinum? Call up any major record label and ask 'em But there's some, devils in disguise in hip-hop that belong at Republican fundraisers with Kid Rock (bitch!) I hope one of my fans has one of your kids shot And blames it on Acid, Prozac and Slipknot You a pussy actin hard like a bitch cop I'll drop you to the floor like a reverse wristlock Eat your food and shit on you, like a highway pit stop And make, revolutionaries out of kids that used to flip rocks

The government, pimped 9/11 to go to Iraq
And history, repeats itself right on track (how?)
First as a tragedy, and then the comedy begins (why?)
Cause it's funny, motherfuckers don't see it come around again

[Mojo (I.T.)]

Where, can we be free? (FUCK we gon' be free man?)

We only wanna live our lives

Live our lives, with our eyes open

Open your eyes – open your eyes

You stupid motherfuckers - you stupid motherfuckers

Open your eyes, before you die

"Payback" (feat. Diabolic, Ras Kass)

[Diabolic]
These fuckin snakes man
Fuckin up our lives
I'll take a piss in your oil fields
I want some motherfuckin payback so, yo

I wanna run for president, and the focal point when I'm campaigning Is to put FEMA to work on a plantation at Camp David Demand payment for New Orleans with the best of swordsmen Launching missiles at the White House while Tech's performing On the lawn and I just let 'em burn till death's confirmed Laid to rest with worms cause otherwise they'll never learn I'll form a cruel intent, put anthrax through the vents From out a package I got in the mail that you just sent But I got a better punishment for these Republicans I'd let 'em live so they can see us overthrow the government Let's fuck with them, have the first lady beat me off Till my semen's launched, then I skeet across her face like Peter North And I won't leave a doubt what we about when I cream her mouth Or leave her trout bleeding out on Condoleezza's couch I'll seek this route without regrets, and drink a brew then think of you Cause if it's the last fuckin thing I do I'll...

[Ras Kass]
Yeah, Immortal Technique, Rassy
Nigga, I never forget nothing nigga

Fifty-one percent of the World Bank is owned by the US treasury
Robbing third world countries out all they resources and equity
When Afghanistan was fighting the Russians
Reagan and Bush gave Bin Laden weapons and told him get to bussin
We even called 'em freedom fighters
Financed the cost with CIA imported cocaine
That whole Iran Contra Scandal, niggas took the blame
Started a war on drugs
Meanwhile Russia's defeated, America thinks more oil for us
Take over, set up a public government, Arabs ain't bearing it
So the same freedom fighters, George W. call 'em terrorists
Poetic justice, payback's a bitch, these fuckin hypocrites
Like Bill O'Reilly, right-wingers deserve what they get
Rush Limbaugh, drug addict, Giuliani, sex scandal

I am vindictive, faggots!

My neck's nano-technologically designed
It spits SARS to all you stupid ass execs that capital resigned

[Immortal Technique]

Huh, hahaha Yeah I got something for you motherfuckers haha You want it? HERE YOU GO!

The first payback that I would accomplish I'd draft children from the senate and congress Pompous religious right made suicidal When I exposed Joe Cephas for ghost writing the Bible Making nuclear silos, bomb the world with hydro Chinese dragon sized blunts in Maracaibo Huh, and everyone flashing a gun on a DVD I'd make them niggas shoot it out with NYPD And every fucker that didn't buy my CD I'd stab the revolution in their neck with an IV See me, own the world, I'd give it back to the poor I'd give a last name to every single son of a whore Hard to the core, fuck with the gay list Niggas pop on they block but they globally nameless I'd show the hood real gangsters and make 'em famous Langley Virginia, where my connect for cocaine is I'd make everybody fuckin have the world darkening I make rap-about lyrics, not beats and marketing Replace every raped virgin's broken hymen Holding De Beers reclining, while they choke on they diamonds My designing's like Francis Ford Coppola rhyming Building a universe inside solitary confinement I'd reverse Rockefeller laws and bring Mumia home And serve the President freestyling offa the dome

A message to the outgoing president
Hey I got a great idea nigga... Kill yourself
Hahaha, you know it's so funny, I thought about it the other day
You should probably kill yourself
Ah why don't you kill yourself?
Hahahahah, kill yourself

"Stronghold Grip"

(feat. Poison Pen, Swave Sevah)

[ad libs for first 22 seconds]

[Immortal Technique]
Immortal Technique, Poison Pen
Swave Sevah motherfucker (get 'em right now!)

I leave government spies and murderers wrapped in plastic like Dominican furniture

I put the iron in you, like the center of Earth's curvature And make your block turn into the, border of Serbia My flow's dirtier than juiced-up players in baseball And beat you in the head like a sock with an 8-ball You got Stockholm Syndrome, and that's why I hate y'all Cause you be biggin up the industry while they rape y'all

[Poison Pen]

Yeah, I spaz out (spaz out) and beat the shit out niggaz
You fag out (fag out) and beat the jizz out niggaz
Gloves (check) ski mask (check) duct tape (check)
Get a ducat and lost and recovered and break neck
Bed-Stuy, BestBuy, clique and rush the {?}
Rip up the pavement, throw the whole block on you
Pop up, you gotta get it
Like Ricky in "Boyz N the Hood," stoppin to scratch a lotto ticket

[Swave Sevah]

Yo, I feel the sudden surge given me the urge to speak (yo what up?)
Scream somethin that's absurd and disturb the peace (fuck y'all!)
Quick to throw a hot verse to beats
You see the music I'm a prisoner, hip-hop is my work release
I'm not the same Swave you knew, I'm a whole new person
More assertive and aggressive, my attitude worsened
I raise hell on this earth
Your rap is over, you Casanova's gon' end up like Gerald Levert, bitch!

[Chorus: Immortal Technique, Poison Pen, Swave Sevah]
[I.T.] Stronghold tighten the grip, on the underground
[P.P.] I fight back-to-back holdin my brothers down
[S.S.] You done started, with the wrong motherfucker now
[I.T.] Married to the cause and we loyal, we don't fuck around
[P.P.] Stronghold overthrow the whole fuckin underground
[I.T.] Secretly run, by commercial motherfuckers now
[S.S.] So while you little step-and-fetch niggaz run around
[all] Controlled demolition, we bringin the structure down!

[Immortal Technique]

Immortal Technique nigga, I'm the type to flip Cause me and my dogs fight to the death like Michael Vick's And I don't hit women so I'm not gonna mangle your wiz
A prostitute with an AIDS race'll handle the biz

[Poison Pen]

Hit the block with a pen and glock, a ox and rocks, a devil spray
If that's a K, play yo' punk-ass infected with leprosy
Leave you half-murdered beyond, recognition beat and indecent
Leave you with your plastic surgeon for a remix

[Swave Sevah]

Yo, aiyyo I'm hard-bodied with it

And these scars, contusions, concussions, fractures
and pains you suffer from; I probably did it

You ain't worth spit, I put a hit out on your mother
Then fuck up you and your four brothers

[Immortal Technique]

You play Scarface when a microphone's in the room But you more like Pacino in "Dog Day Afternoon"

[Poison Pen]

ASCAP clappin 'em, all this rap traps Snatch that diamonds off your neck, worth 50 dead Africans

[Swave Sevah]

Yo, this dude is truly a joke
That stuff got you feelin tough, must be sniffin +Peruvian Coke+

[I.T.] We spit Cold War syndrome, it shatters the bones
[P.P.] Spray my dependance on your bitch face when it splatters you on
[S.S.] Thrown in submission holds and choked 'til you tap out
[I.T.] And shut down your party like Whitney Houston's crackhouse
[P.P.] Stronghold, live and direct up in your set
[S.S.] The habitual line steppers - Swave, Pen and Tech

[Chorus]

[ad libs to the end]

"Mistakes"

(Yes I did... I made a mistake... yes I did)

Huh..ya know living this type a life
makes you grow up faster than you'd expect to sometimes...
fuck around and be in your late twenties...
feelin like a old man and shit...
yeah for real son... let em know

It's hard to breath and hard to run when your lung's blackened
Coughing up blood like what the fuck happened
Raising my risk of cancer's the answer homie
But after drinking something there's nothing like puffing a bogie
Now I can blame the same product placement in movies,
Or the commercials, or Scarface in a jacuzzi
But now I'm living it
Damn I should a never took that first cigarette

(I made a mistake)

I fucked up, like your girl was riding on top of me
I should of took her to trial and never copped a plea
But this ain't a Christian nation motherfucka please
America never taught me to turn the other cheek
Cause I'm from Harlem, the north of Manhattan
We knock niggas out and make em bounce like Ricky Hatton
But wildin on the corner got me turned back from the Canadian border

(I made a mistake)

I knew she was a virgin, when I first met her

Rockin stockings and poppin out of the catholic school sweater

Mom told her she could do better than a criminal

Seventeen year-old psychotic, trying to be lyrical

I never meant to break her heart or fuck up her life

But I was careless, instead of treating her right

I seen her again at some club strippin and wondered

If I could have made her life different

(I made a mistake... yes I did...)

[Tech talking over the beat:]

Damn shortie, you got me on some singin the blues shit...
but you gotta stop looking backwards and remember to look ahead...
this is for all my dudes on patrol in the desert right now... for real

(I made a mistake)

Yeah...yeah... I joined the army looking for money to go to college But they ain't pay me a quarter of what they fucking promised Extended my tour, treating me like a sucker
That's the reason officers get fragged motherfucker
Don't give me speeches on how you respect and you love me
But no body armor in a lightly armored humvee?!
My family's lonely and you want me to reenlist for 30 grand homie?

(I made a mistake)

When I was young I got signed to a record label
The deal looked so good when it was on the table
It paid for my cable, cribs, cars and jewelry
The studios, the women there's nothing they wouldn't do for me
Except stop screwing me for publishing and royalties
How the fuck are you my dawg, when there's no loyalty?
Word to the street
I should've gone independent like Immortal Technique

(I made a mistake)

Some people learn from mistakes and don't repeat them
Others try to block the memories and just delete them
But I keep em as a reminder they not killing me
And I thank God for teaching me humility
Son, remember when you fight to be free
To see things how they are and not how you like em to be
Cause even when the world is falling on top of me
Pessimism is an emotion, not a philosophy
Knowing what's wrong doesn't imply that you right
And its another, when you suffer to apply it in life
But I'm no rookie
And I'm never gonna make the same mistake twice pussy

"Parole (Evil Genius Mix)"

[Intro: Immortal Technique (parole officer)]

[record rewinds] I'm out of jail, and I'm never going back again Never selling heroin, never selling crack again I'm out of, I'm out of (I'm out this motherfucker!)

Yeah, I'm out of jail, and I'm never going back again Never selling heroin, never selling crack again Don't work for the government coke packagin Don't fire indiscriminate, with the mac again My people are stuck behind glass like a mannequin They pretend to give a fuck, just like the Vatican Second chance, faith based, two-faced Samaritans Every time we come back, they keep on cashin in Prison labor, third-world sweatshop comparisons 'til we kidnap the whole fuckin garrison Yeah, poverty, makes people do, reckless things But corporations do worse to protect they bling Prisons are more, overcrowded than the rap game They say you more likely to go to jail with a black name Freakonomics that I speak through ebonics and fuck Phonics, little niggaz is (Hooked On) chronic But if you on stage with the DEA, as your hype man Don't get yourself locked up, and blame the white man We transformed gangs and criminal enterprises Usin O.G.'s as advisors Before they, send us to war, after they divide us

But I won't let 'em use us like Teddy Roosevelt's Rough Riders

My movement's like a jujitsu kata
I graduated outta prison, so FUCK my alma mater nigga

[Interlude: Immortal Technique (woman)]

(Hello?) Yeah yeah, what's up yo?
(Hey, how you doin?) Yo, you know what?
I just got my papers (you're fuckin lying!)
Yo I'm comin home to you, I'll see you in like a day and a half ([screams] Oh my God, I'm so happy! Are you serious?)
([screams] I'm so happy! Are you fuckin serious?)
Yeah, I'm dead serious baby, I'm comin home (oh my God!)
Put the little blue thing on for me, aight?
(You got that baby, yeah!)

[Immortal Technique]

I'm on parole, and I'll never be alone again Fuck this place baby, I'm comin home again Shorty wrapped around me so I'll, never be cold again Never have to knock a nigga out, for the phone again Prison ain't the place that you find your rite of passage in It's slavery, with nasty food in your abdomen Middle passage, bottom of the ship, how they pack 'em in Perpetrators on some fake shit, sweeter than saccharin Jailhouse snitches without corroborating evidence Niggaz sellin niggaz out for true to be, Benjamins But now I'm free, hit the block, eatin Entenmann's Benihana in and out, flow to eat to enter in Newspaper pencillin, tryin to pay the rent again Ex-con job interview, nobody answerin Feelin violent from the frustation I got pent up in But not tryin to go back to the place, I was sent up in Turn my own life around, fuck the establishment Listenin to hip-hop like "Where the fuck the talent went?" How the fuck did you replace, lyrics with your swaggerin? I'ma fix that, rhymin on with the mag-a-num I roll up in a caravan, full of North Africans My squad got, more soldier niggaz than the Saracens Cause just watch (watch!) when the terrorists attack again Their reaction's gonna be draft 'em and send us back again

[scratches]

I'm on parole, and I'll never be alone again
Fuck this place baby, I'm comin home again
Shorty wrapped around me so I'll, never be cold again
Never have to knock a nigga out, for the phone again
Prison ain't the place that you find your rite of passage in
It's slavery, with nasty food in your abdomen
Middle passage, bottom of the ship, how they pack 'em in
Perpetrators on some fake shit, sweeter than saccharin
I'm on parole

"Crimes Of The Heart"

Yea I turned 21 in prison locked up at night Now I walk around free seems like another life Another roll with some other dice Another ho or a loving wife People come and go some really you never know Intellectual midgets that really never grow Fake love that holds on like "can I hold you though?" And old friends will look at you like "yo, yea I told you so" A toast to the broken hearted Who never finished what they fucking started People who go out and try to be a rebel at night Try to make up for the fact that they settled in life It's like a fight between the devil and Christ over the limelight Spiritual celebrity poker But the whole deck is full of jokers And every year that you get older The stakes get higher Gambling with a bunch of fakes and liars Real talk 'cause the real New York Is the pain and the suffering of lost love Staring off into the distance in the midst of the club Depression and emptiness that lead to suicide And the struggle inside of yourself that keeps you alive Survived and medicated stalked by sobriety The life that you live now tortured by memories violently I pray inside of me that one day you could be forgiven For murdering the beautiful world we used to live in

> Crimes of the heart Crimes of the heart

Love... doesn't need a complicated metaphor
And sometimes nothing needs to be said at all
Sometimes a person you're with is not your one and only
And you just fuck with them because you afraid to be lonely
And when you come back its too late
So you overcompensate
Like victims of rape
Full of self hate

Lost in the affection to strangers around you
Instead of the only person that ever gave a fuck about you
Thought you were happy so you didn't come check me
But then when he cheated or treated you incorrectly
You conveniently realized you could never forget me
And tried to crawl back in my life unexpectedly
These are my indictments
Of those who claim to be righteous
And leave a trail of broken hearts on their way to enlightenment
But I cant give into hatred or pass judgment

Even towards every illusion I've been in love with 'cause the heart that betrays itself willingly Is like a nation that trades freedom for stability Its so seductive to be cold and corrupted And isolated and try to be an independent republic But liberty to be loved on the surface is worthless The sacrifice of revolution with no purpose Take it from a criminal searching for his redemption Cursing at God desperately trying to get his attention

Crimes of the heart
Crimes of the heart
Looking for the shining light
Who's it gonna be? Who'll walk the line with me tonight?
Round we go (won't cross?) climbing through the endless night
Who's it gonna be? Who'll walk the line with me this time?
(me this time oooh oooh)
Climbing through the endless night (endless night, endless night)

"Rebel Arms"

(feat. Da Circle, J. Arch)

[Intro: DJ Green Lantern]
What you thought it was over?!
Shit ain't over 'til we say it's over motherfucker
Aiyyo Tech, what you think about the rap game right about now?

"It's all bullshit, you know that, I know that!

Hey, come along with me man, we'll have a budget, huh?

We'll have some clout.."

"I didn't get into this for that!"

"Well that's all there is!"

"Well if that's all there is I've been wastin my motherfuckin time wit'chu

I can get more clout and more money on the STREET

than I can get followin your ass..."

[Immortal Technique]
(Rebel arms!) Yeah... yeah, uhh, yeah
The game is polluted with rappers that are really snitches
And most D.I's are nothin but, industry bitches

And most DJ's are nothin but, industry bitches
And we don't got, no mansion or riches
But we got guns and knives and your children's pictures
And everybody loses in war, but you lose more

What you think we brought back the Panthers, and the Zulu for?

Immortal witchdoctor made himself a voodoo doll

for every motherfucker that fronted that I can recall

Fuck the industry, don't call me, you can't get with me

I'll leave niggaz hangin like Mississippi

RBG to the last drop of blood in my body

Or the Feds drag me away, like a tsunami

But I'll be back, like a fresh bodybag from Iraq Like a Baltimore slum, during the resurgence of crack Brown and black, like the A.K. I keep in the strap While we waitin on the next stock market collapse!

[Da Circle]

It's territorial, oratory editorial
Fuck around I'll be the cause of your life's memorial
I write rap's territorial, East Coast border zoo
Never crossin waters 'til I will coastally slaughter you
I'm better than all of you, vendetta's be mauling you
You're talkin cheddar, I'm a shreddar, I'll sever it off of you
I'll never remorse for you, no letters endorsin you
Pole position in the coffin is what it's, costin you
The cockiest bosses who control the fortunes too
The mortgage is of a cultural losses, through and through
(But it's the rebel arms!) Godspeed with devil's charms
The bitch-made gets switchblades in every arm
And this way we ix-nay on any harm
Cause next play and fakes lay like hidden bombs

We marching units in, the soul is true within Eternal missions with church, a lifetime to do it in

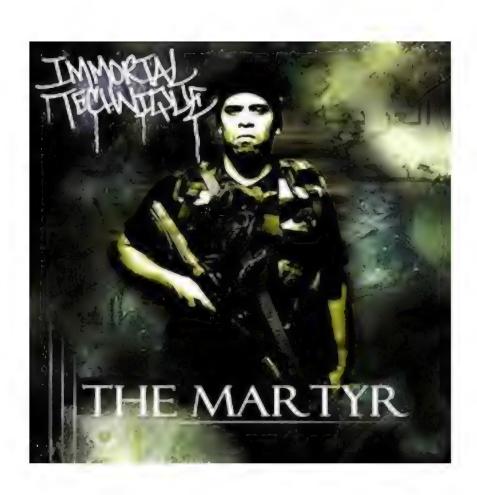

Stronghold said it, whoop yo' bitch-ass with batons
The rebel arms swarm and form like Voltron
Slash your own beast, you heard (Mark of the East)
Runnin through cop lands screamin "Fuck the police!"
Hormones in the water (water) they actin out of order
Like a pack of rabid wolves, they lambs for the slaughter
Crush your man to bull, rip the drums like Animal
Eat 'em seeds, save my own kind, I'm a cannibal
My regimen salute me, haters wanna shoot me
Kool-Aid in their veins, they'll always try to sue me
You sell crack and rap, did a scared bid
Multiple baby mamas, take care of yo' kids

Guillotine rap, shackles on your neck
Chemical warfare where punchlines connect
Da Circle play the snipers, with Immortal Tech'
They called the block govenor to drag him of the set!

[J. Arch]

Rebel arms out for supremecy and move non-gimmicky Related to royalty on each trip you mention me Twist bars illest-ly, rebel against the infantry Get more than yo' feet wet when I make you a memory Cats not ready because they commercially industry I make house calls to those afraid to visit me Disrespect, I'll smash off the petty from undisclosed locates, move fast for their cheddy Arch don't breakdance, yet I (Rock Steady) I jump on your scope to prove your aim not deadly My shot to the top is like Mikki and Mal' smelly Flow milky like the tits of a chick, that's top heavy The (Technique's Immortal) so Rebel Arm's the regiment Arch status nicer than, other rappers ever been My cantine's full from when the doc don't got medicine Five-star general, frontline veteran

[Outro: DJ Green Lantern]
Invasion baby!
Shit ain't a fuckin game that we playin
Immortal Technique...
Oh yeah, don't forget
"Revolutionary Vol. 3" comin soon
You're not worthy, you sons-of-bitches!

Immortal Technique Lyrics

"Burn This"

This is Immortal Technique
Harlem, New York
All over the world
And this is The Martyr
If you are listening to this
It is your responsibility
To burn this for every single motherfucker you know

Immortal Technique Lyrics

"The Martyr"

['Elizabeth' Movie intro]
I'm content to die for my beliefs
So cut off my head and make me a Martyr
The people will always remember it
"No. They will forget"

A man who walks with God, can walk anywhere Hence.. I fear nothing

[Immortal Technique - Verse 1] The point of guerilla war, is not to succeed It's always been just to make the enemy bleed Deprivin' the soldiers of the peace of mind that they need Bullets are hard to telegraph when they bob and they weave The only way a Guerilla War can ever be over Is when the occupation, can't afford more soldiers Until they have to draft the last of you into the service And you refuse cause you don't see the purpose The only way to counter the insurgents that are well-equipped Is to paint the people fighting for freedom as terrorists Then find a faction lookin' for foreign investments You stall them with power and murder any objections You can't stop a revolution from breathin' So to beat 'em they offer people the illusion of freedom But when you're done dreamin' and wake up, tortured for treason Then you can see them, hidin' behind the God they believe in

[Chorus]

Deep in the trenches in the heart of a war
That's the place a Martyr is born (Mothafucka it's on)
During the night before the start of the dawn
That's the place a Martyr is born (Mothafucka it's on)
When the gunshots are rainin' in the heart of a storm
That's the place a Martyr is born (Mothafucka it's on)
Guerilla war when the army is gone
That's the place a Martyr is born (Mothafucka it's on)

[Verse 2]

The purpose of life is a life with a purpose

So I'd rather die for a cause than live a life that is worthless
I don't need the circus or the day of national observance
I need you to think for you and stop being a servant

Pawns only move a square in the game that they're used in
And realise it too late, like the shootin' of Huey Newton
Or Patrice Lumumba and Salvador Allende

Slaughter by the power hungry branches of their own gente
Ghandi wasn't killed by Pakistani nationals
He was assassinated by a Hindu radical

And Che Guevara, rebel to a U.S. continent
Was sold to the C.I.A. by Bolivian communists
Wasn't Yitzhak Rabin murdered by a Zionist
And Anwar Sadat a victim of the same violence?
Malcolm X was seen as a threat to the F.B.I.
But to blast 'em they used Muslims from the N.O.I.
Even the 35th President of the Republic
Was murdered by factions of his own government
So now that it's proven, that a soldier of Revolution
Or head of an empire, disguised in a Constitution
Can not escape the retribution or manipulation
Of the self-appointed rulers of the planets corporations
So Imma need every generation to put your hands up
Cause you can only get 'em off your back when you stand up!

[Chorus]

Deep in the trenches in the heart of a war
That's the place a Martyr is born (Mothafucka it's on)
During the night before the start of the dawn
That's the place a Martyr is born (Mothafucka it's on)
When the gunshots are rainin' in the heart of a storm
That's the place a Martyr is born (Mothafucka it's on)
Guerilla war when the army is gone
That's the place a Martyr is born (Mothafucka it's on)

Immortal Technique Lyrics

"Angels & Demons" (feat. Dead Prez, Bazaar Royale)

[Intro:]

"What do you see when you're in the dark and the demons come?"
"I see you. I see you standing over the grave of another dead president"

[Hook: Bazaar Royale]
I see angels above me
Demons below me
Fighting over heaven, heaven, heaven
It's real

[Verse 1: stic.man]

America's nightmare; young, black, and just don't give a fuck Run up in the courtroom and wet 'em up Got nothing to lose but my handcuffs Every man must choose to lay down or stand up It's war time, everything is fair, no fear When they say the homie murdered the judge, I don't care Fuck 'em, he deserved it, long as the homie get away And don't get caught for the crime, I encourage it We rootin' for the villain in black Pourin' out Absolut, salute, niggas is shootin' back In self defense we bang the pistol like Larry Davis or Brian Nichols Every pig, every public official, the boomerang Is coming back to get you, you reap what you sow The system you created created a monster And now you scared cause it's coming back to haunt you

[Hook x2]

[Verse 2: M-1]

Since we gonna take the blame, I'm a rep my name to get my aim right Let's have an overthrow and after party in the same night Same height as Huey, same muscle build as Malcolm With the same circumstances in the hood, you know the outcome And read it in the news about your sergeant and your captain Don't take this as a warning, just another nigga rappin' Fuck the way we organizing, fuck the training and the grapplin' And fuck them Uncle Toms who call police because we smack them And fuck you sympathizers with your middle class reactions Cause we bangin' on the system, G'd up, fuck the factions And if you didn't know, the G was for George Jackson And long live his warrior spirit packin' the Magnum Watching over the soldiers, knowin' niggas be blackin' When we really need to be disciplined in our ways and actions When we get some freedom you niggas can start braggin' Till then, inside the blood of my eye, you see the dragon

[Hook x2]

[Verse 3: Immortal Technique] I'm like the birth of baby Mohammed, the movement I started Can spar with the hardest, the martyr regarded as Spartacus-hearted It doesn't matter whose missiles can shoot the farthest When you're a target in an Afghan Tutoberg Forest Close quarters combat over corrupted elections Bilderberg is like cancer, it grows an infection Nepotism is the gold and the conductor's connection And ignorance is the prison that the people are kept in The military ain't there for the people's protection They're just there to protect an investment That's why people get arrested, electrocuted, molested Connected streets are infested with those tired of protestin' Traumatized children grow to guerilla garrisons 9/11 generations pale in comparison And you will learn a lesson repeated through history That no matter what you think, occupation is not victory

[Outro: Immortal Technique]
Somalia, Kashmir
Nigeria, Palestine
Iraq, bring it back

[Hook x2]

Immortal Technique Lyrics

"Rich Man's World (1%)"

[Arthur Jensen:]

"You get up and howl about America and democracy. There is no America. There is no democracy. We no longer live in a world of nations and ideologies

The world is a college of corporations inexorably determined by the immutable bylaws of business

The world is a business

And I have chosen you to preach this evangel."

[Immortal Technique:]

For all my free-market, healthcare-robbing, stock-stealing, retirement-fund-fucking-with niggas

Fuck your little credit-card scamming, jewelry-stealing, crack-selling, liquor-store-robbing motherfuckers

(It's a rich man's world)

Shout to the homies, Carnegie, OG, Willie Randolf Hearst, Farouk, Rockefeller, the real Rockefeller, my main bitch Leona

Pour out a little Louis the Thirteenth, Scott Rothstein, Jack Abramoff, hold ya head, my Rothschild niggas Let's get this money

I spend my day repping America overseas
Pensions for the workers? Nigga please
Embezzlement etiquette private settlement
I'm better with confederate rhetoric from my mansion in Connecticut
Foreclose and evict homes at the tenement
I twist words like a speech impediment
I hope you got good credit bitch

If not better get a new job with benefits
While I play golf with niggas I get cheddar with
New money buys brand new karats
My old money bought your great grandparents

You got grills in ya mouth I ain't mad at ya
I own every gold mine in South Africa
Thanks baby you made me a billion
Plus I own a building for each one of my children's children

That's the shit

Snort coke in the whip miss USA sucking my dick
Yea what
Fuck the law 'cause real jail is for suckers
I go to country club prison you dumb mother fuckers
(I am the 1% fucking bitch)

You know my CEO corporate steeze please Overthrow governments overseas in a breeze Politicians in my pockets for a few hundred Gs So if I'm ever in court my assets'll never freeze

I got a job and house and a bank account

When I'm out I doubt that's something you could say
And if not then I fake death like Kenneth Lay
Make money every day the world burns on its axis
While y'all struggling to pay taxes
I'm getting my money the fastest
Memos and faxes shredded-up documents
Slush funds through the corrupt continents

But they don't want me indicted
'Cause they don't want my dirty laundry aired when I fight it

Don't get my lawyers excited
'Cause what good is a law if you can't rewrite it

I got CIA traders, dictators
So fuck y'all whistle blowers and haters
(It's a rich man's world)
Shit

I'll invest money from Al Qaeda
In the bank 911 widows go to later
Capitalism's who I pray to
Fuck the state of the world
Money talks so what the fuck I need to say to ya girl
(I don't pay em to fuck, I pay em to leave)

You know my CEO corporate steeze greed
I'll treat countries like the IMF down on your knees
Real gangsters run the world fuck what you believe
I'll cut down the forest while y'all niggas burning some trees

I'll get your family murdered for a couple of Gs
'Cause your working-class money ain't fucking with me
You think rappers are rich 'cause of songs you heard?
My labels make the money and haven't rapped a fucking word

Yacht in the ocean coastin' with the sails out Hey America thanks for the bailouts I made off at the Banco Ambrosiano Got away scott free like el Vaticano

Activists act a bitch get mad at me
'Cause I'm a tax free charity
80% to the staff and company
And 20% to the homeless and hungry

The country gotta pay the fed reserve
Kick back to the banksters haven't you learned
You protest cops who patrols on the street
But I bought city hall so I own the police

Email, Facebook and the shit you tweet

Own the phone companies so I heard you speaking

My suggestion is no correction no elections, sex with no affection

No invention would benefit the world of man
Will exist 'til I got the money in my hand
World bank, interest rate damn rape on the spot
But I'm a gangster you gon' take my money like it or not, nigga
(I got your country in my pocket, motherfucker!)

You know my CEO masonic steeze cheese
Only little people pay all these taxes and fees
Since you were born we controlled what you watch and you read
And pretty soon we're gonna own the fucking air that you breathe

I take what I want fucker I don't have to say please
I'll convince you that it's good for you, take it and leave
You think presidents are the face of a nation
I put em all where they are, end of the conversation

"Toast To The Dead"

[Chorus] Rest in Peace

Here's another warriors song, rep this life to the fullest
Mothafucka, say yo' prayers!

For brothers who died from black-on-black violence
Rest in Peace
You ain't payin' respect when you' 'spose to
Rep this life to the fullest
Rest in Peace
This ain't for y'all, this' a toast to them
Rest in Peace

[Immortal Technique - Verse 1] Here's a toast to the dead If you don't drink, smoke to the head For the freedom fighters killed by the feds For those who died hard in the streets soaking in red And died slow asleep in a dream choking in bed Here's a toast to the dead for my enemies that are gone I'm not a coward so, celebrating that would be wrong I pray to God that your soul will come back again So I can see you in the next life and finish it then A toast to the dead for criminals, burning in hell I wonder how many presidents are burning as well Emperors, Popes, Senators, Generals Amputees feelin' unlucky until they see the vegetables A toast to the dead for those who I've forgotten Written out of the history by the corrupted and rotten Black saints whitewashed during La Reconquista Thousands of Indios Spaniards used to conquer the Incas F-ck a moment of silence! I need a moment of violence! Like the nineteenth century Caribbean Islands Long live those who came before, that paved the way for me The warriors and scientists that came before slavery And if that last lyric was predictable Take your clairvoyance and apply it to your life in the physical Presumptuous half-hearted homunculus Self-destruction is the power without knowing what the function is

[Chorus]

Rest in Peace

Here's another warriors song, rep this life to the fullest Rest in Peace

Mothafucka, say yo' prayers!
For brothers who died from black-on-black violence
Rest in Peace
You ain't payin' respect when you' 'spose to
Rep this life to the fullest

Rest in Peace This ain't for y'all, this' a toast to them Rest in Peace

[Immortal Technique - Verse 2] Here's a toast to the dead, for all of my fam I will never let an idea die with a man My rhymes are like Nazca lines designed to give a view-of-this J.Dilla's still alive as long as his music is A toast to the dead for rap legends and pioneers Your legacy won't be forsaken as long as I am here Knowledge of the past and, wisdom of the present I'll teach and leave in the hands of a worthy lieutenant A toast to the dead, for children with cancer and aids A cure exists and you probably, could have been saved Sad to see, medicine divorce morality Corporate homewreckers, pimpin' up a salary A toast to the dead, for those that've died today The victims and those exonerated by DNA The only thing worse than giving freedom to the guilty Is killing the innocent, and leavin' your soul filthy Immortal Technique, remember me when I'm gone I encrypted my lyrics to stay alive in a song So you'll always keep a piece, of my spirit inside When you struggle to complete what I started before I died But some of you, won't survive the changes the earth makes Swallowed by tsunamis, hurricanes and earthquakes And that's just the first stage of 'you-can-not-reverse-ways' And realise that we are one, regardless of our birthplace

[Chorus]

Here's another warriors song, rep this life to the fullest
Rest in Peace
Mothafucka, say yo' prayers!
For brothers who died from black-on-black violence
Rest in Peace
You ain't payin' respect when you' 'spose to
Rep this life to the fullest
Rest in Peace
This ain't for y'all, this' a toast to them
Rest in Peace

"Eyes In The Sky" (feat. Mojo of Dujeous)

[Chorus:]

I am the eye in the sky looking at you I can read your mind I am the maker of rules dealing with fools, I can cheat you blind

[Verse 1: Immortal Technique]

Yeah, my truth is the Ark of the Covenant buried in Ethiopia
Watch when you fuckin' with a Minneapolis Somalian

When I go home the world I used to know is gone and I will live on my own For what shall it profit a rapper with creative control to sign a deal with the devil and lose his soul?

My still born first expression is cold

Like the faces of slave masters on the paper I fold Subliminal racial supremacy chokin' me quick like the bedtime stories of Joseph Smith Lynch mob gunnin' for me trynna murder my seeds

Shorty put him in the Nile in a basket of reeds

And now I stare in to the future with a spiritual flashlight wondering who the fuck was me in a past-life Bad diet, fuck raw, die young, fast life, same as a crash flight that took off when the music died on your last night

Tell em' the truth and they call you a traitor Talk to em' honestly and they call you a hater Losin' my composure cause the message is urgent

Talkin' reckless drunk on the mic like Larry Merchant

Cursin' at the serpents, Sumerian demons

Who brush their wings against the air that I'm breathing

A heathen with nothin' left to believe in even a reason from livin' that was forgiven by God and not religion Envision Jesus risen from the dead like Horus in the Baptist church shakin' off the rigor mortis

The borders should be illegal instead of the people that were here before the bible and all of its sequels

I speak to the detached and unrealistic that were born normal but turned socially autistic

We resisted Homeland Security's mission because I know what they really envision...

[Chorus x2]

I am the eye in the sky looking at you, I can read your mind I am the maker of rules dealing with fools, I can cheat you blind

"Natural Beauty" (feat. Mela Machinko)

...natural beauty, so beautiful, yeah, natural love, yeah...

They corrupted the priceless African image of Isis Replaced it with a lifeless anorexic white bitch The fashion industry got 'em in a funny spot Self-hatred leaking out they mouth like a money shot Movie star, Hollywood Babylon fantasy Buncha peacock bitches in a cocaine canopy And if you healthy they make you think you're a manatee Look how they invented this euro-centric insanity Got you brain washed to the point you bleaching your skin Blind to the truth, you can't see the beauty within Cause ain't nothing wrong with exercise to tighten your thighs But there's something wrong with contacts that lighten ya eyes We're goin backwards, from hip hop in the park To the experiments by Dr. Kenneth Clark So after the cannabis I'ma have to handle this Release the pressure on her and open her like an amythist

Their lies cant fade ya beauty
You gotta know who you are
Stay strong and always remember
The truth in your heart
Don't forget there are those who
Benefit from your scars
And who deny what's natural

Check it uh,

The business of beauty isn't a natural model It's built to be the opposite of the cultures we topple These magazines got you caught in a hustle Cause when you starve yourself Your body doesn't burn fat it burns muscle And men don't even like women control the business That's why the women look like men And the men like bitches I break it down as god is my witness Remember Sambo charicature characteristics Now who got the collagen under they lipstick Implanted Arabic hips, surgical sickness A bi-polar society that claims to be righteous Spray paintin artificial melanin Tryin to be like us Livin in a pathetic epidemic of schizophrenic buying a Synthetic body with credit You mad that I said it But you know that I'm right

Find a natural beauty and get you some natural lovin' tonight

Their lies cant fade your beauty
You gotta know who you are
Stay strong and always remember,
The truth in your heart
Don't forget there are those who
Benefit from your scars
And who deny what's natural

Their lies can't fade your beauty You gotta know who you are Always remember, truth lies in your heart

"Running Nowhere (Interlude)"

People are running, where are they go-ing?
People are running, where are they go-ing
People are running, where are they go-ing?
[fades out slowly]

"Civil War"

(feat. Brother Ali, Chuck D & Killer Mike)

[Immortal Technique]

The ghetto is like a prison, with invisible bars No matter where you ride, it always follows you where you are And it's hard out there, for a pimp to get outta But it's harder for the hooker that he beat the shit outta I got niggas underground in the Confederate States Ironically runnin' from slavery that prison creates So I never hate on the south, I respect they vision I just hate on niggas that promote Samboism And white execs that love to see us in that position They reflect the stereotypes of America's vision They want us dancing, cooning and hollering Only respect us for playing sports and modeling More than racism, it's stay in your place-ism More people are trapped in practical blackface-ism So fuck a Civil War between the North and the South It's between field niggas and slaves that are stuck in the house

[Chorus: Chuck D]
Civil war for the soul of a nation
This is a struggle to save civilization
Demonstrations overthrowing the occupation
The annihilation of mental colonization

Civil war for the soul of a nation
We fight for the future of our civilization
Destroy the corrupt government organizations
Trying to survive cultural assassination

[Killer Mike]

Crip niggas, Blood nigga, ese's, Asians Why the fuck we warring with each other's population? The devil wanna dead all our population People in Folk nation, why the separation? Why we got Jamaicans hatin' on Haitians When the British and French raped both nations? Mexicans and Blacks kill each other, straight hating While the government profits from prison population If you on the bottom, be you Anglo or Asian You gotta recognize the realness of what I'm sayin' You gotta recognize another G ain't the enemy When the police ride to kill us frequently We gotta make the youth see, where the truth be If you a G, then grow and develop GD 50 years of gangs and our people still poor If we really run the streets, we should really end war

[Chorus: Chuck D]
Civil war for the soul of a nation
This is a struggle to save civilization
Demonstrations overthrowing the occupation
The annihilation of mental colonization

Civil war for the soul of a nation
We fight for the future of our civilization
Destroy the corrupt government organizations
Trying to survive cultural assassination

[Brother Ali]

Listen, our hearts were torn apart just like y'all was Watching towers full of souls fall to sawdust Everytime we called your office you ignored us Now you holding hearings on us all inside a Congress Microscopes on us, ask if we're Jihadists My answer was in line with all of the Founding Fathers I think Patrick said it best; Give me liberty or death I shall never accept anything less You claim innocence, you play victimless But you gave the kiss of death in the name of self defense Slavery and theft have brought the nations to the end Of pacifying your citizenry with excess We believe in freedom, justice, security But they're only pure when they're applied universally So certainly if I rage against the machine My aim was only to clean the germs out of the circuitry Heard you need putting fear inside your heart Make you burn Qu'rans and tell me not to build a mosque Me, my wife and babies we ain't never made jihad We just want to touch our heads to the floor and talk to God Ask him to remove every blemish from my heart The greatest threat of harm doesn't come from any bomb The moment you refuse the human rights of just a few What happens when that few includes you? Civil war

"Mark Of The Beast"

(feat. Akir, Beast 1333)

[Verse 1: Akir]

Get ya dough watch it go, back to the peoples that holding some Basic H's secret states keepin the stuffs the stole it from Peter Jospeh told us so, only those that seem to know Can counteract the satus quo balance back wich way to go My rough ID CID used by the beast to track you yeah Charge in the car can cause an alarm That's part of the arm that traps you now Back to check in, you go inside you prepared to fly Watch for scalin you cannot hide Comfortable you roll no matter what you done What treats for sky? climbin a tree while I'm gettin high That big brother eagle start to die No matter what the reason we can devise The plant in the sea saw the seeds that provide? [Hook: Cuts by DJ Pone]

[Verse 2: Beast 1333] Yo the World a Mess we All Lust the Flesh I won't Stop till the People see Success So Many beat to Death so Many people Left With the Mark of the Beast can't cheat the Test You bear the Mark i Bear the Mark With the blood in the Waters there for Sharks Now everybody want to Be Quoting Marx with a Less of the Bite And a More the Bark in A World of Fakes Here's what it Takes gotta have Big Balls Not Baby Grapes at A Crazy Pace Let's do it Face to Face the Whole Race chase Waste Space Age Sensash with a Warm embrace They go and Stab your Back

it's so Wack that the Hacks Flapjack the Tracks and When the Bombs attack We Gon Bomb em Back wit the Cold Facts Rap Tracks Catch a Jax Theres No Latch attached you Can't Own a Soul So don't go go scroll po po patrol lets Go Toe to Toe Like Pro Dojo Throws Sold your Soul so Don't Go so Slow no Need to Crow No Need to Flip what we Need is a Change in Leadership Wont even Give a Chance to Plead the Fifth before the Radar Go From Bleep to Blip Bitch

[Hook: Cuts by DJ Pone]

[Verse 3: Immortal Technique] You think I don't notice the line when you cross it I'm like the mind of a genious trapped in a cerebral palsic You underestimate the hood you think niggas is stupid We read the countries credits, niggas know who produced it Why the fuck you think the pushing military recruitment America been platinum and she afraid of recoupment So when you try to close the boarder and don't let us in I'll overthrow califonria with 20 million mexicans Cubans and chinese who came looking for freedom Till they realised america was run by a demon And I don't mean George Bush he was a fuckin zero More like the roman emperor Nero Who did nothing while the black slum turned to atlantis I mean those behind the canvas that made the mechanics And then planned it, it sounds simple but stupid niggas won't understand it Until the mark of the beats has your face branded

"Black Vikings"

(feat. Styles P, Vinnie Paz, Poison Pen)

[Verse 1: Immortal Technique] Back like I was locked up, putting in work Burning through books like nazi's in a catholic church I'm cursed like cain when he murdered his brother Cut your face off and wear it while I'm fucking your mother I'm mars ultor, the avenger, the god of war And if you don't believe in me, I doubt you believe in god at all I breathe smokeless fire, the Jinn type That'll make you hate the way that allah made you to live life Like hindu, niggas that be bleaching their skin white Other people's teeth in my hands after a fist fight I was born with a sixth sense and a swift right Skinned werewolves and rape demons at midnight Sell your kids into slavery after we murder you Or sacrifice them in the same fire we burnin' you Barbarian funeral, nigga, you wanna know? Damn the river, bury me, and let the water flow

[Hook: Poison Pen]

Chaos, mayhem, bang outs, slay them, uprise, rape them, raid them
Cage em, pandemonium, insurgent, death merchants, commit the best murder
Pillage, Kill them, erase history, make them a mystery

[Verse 2: Styles P]

Cut the nose off, the ears off, the whole head Immortal and ghost coming, code red You never seen a black barbarian Warrior, warlord, pussy, cut your balls off More bodies come, more bodies hauled off What you want the sword and get shit sawed off Your throat need an axe in it And I'm breaking your back because your spine needed a crack in it You bugging me, I'm coming to fumigate The wolverine, the sabre tooth, the way that I mutilate I'm like the viking in Valhalla Rising Except I got black skin and both of my eyes in Don't test him, please don't stress him He'll hang you from a tree with your own intestines How you wanna die? make your own suggestion Now talk to the lord and make your own confession

[Hook]

[Verse 3: Vinnie Paz]
You pussies living in a movie theatre
Put the motherfucking spell on you like brujeria
Chop his motherfucking head like a ruthless leader

Guns drawn in a church service, shoot the preacher
You need to be godly to know allah
Ain't no rappers eating around me, like a broken jaw
It ain't ever been a day that I ain't broke the law
What you think I hold a motherfucking toaster for?
I ain't going there, there's police in that room
And vinnie walk around with bags of dust like a vacuum
Bury you under the earth inside a black tomb
My body covered in Dashiki and stab wounds
I'm a guerilla, barbarians is my ancestors
That's a part of my neurological transmitters
We Islamic and brought the story of shem with us (AI hamdu Allah!)
While we brought the motherfucking blam blam with us

[Hook]

[Outro]

The walls have been breached! ANFALL!!!

We came in the name of peace and brotherhood, you wanted us bound in slavery, poisoned our water, changed our names...

Burn their homes, take their jewels, skin them alive! Hold on, hold on, hold on...

No one will know these people ever existed, and all that will be left is what we build upon their ruins...

Thanks to Eugen Kabinde for correcting these lyrics.

"Conquerors"

(with Dr. John Henrik Clarke)

Nearly all religion was brought to people and imposed on people by conquerors and used as the framework to control their minds. My main point here is that if you are a child of god and god is a part of you, then in your imagination god is supposed to look like you and when you accept a picture of the deity assigned to you by another people you become the spiritual prisoner of that other people.

"Young Lords"

(feat. Joell Ortiz, Pumpkinhead, CF, Panama Alba)

[Immortal Technique:]

New to the world, fresh out the barrio, I was an outlaw rebel, out of my mind, young and wild, my existence defined in one word: Survive!

[Verse 1: Joell Ortiz]

If it could be sold, I can sell it, If it can't, that's cool I'll fix it up make it look good enough to catch some fools It started when I was young with my genesis games He traded me John Madden for--I don't remember the name But it was weak though, the streets though, they play with perico So Tito became my hijo, he had cheap blow And each O like three, four times, I flipped ones But it's evil, the people I deal with'll stick nuns With big guns, the diesel that diesel never change The custies still nod like they agree with everything The weed ain't the same, all the colors is new It ain't just green, the haze is purple and them berries is blue I don't care if it was pink, as long as they still smoking I had them bags packed until they damn near open The hustle's in my veins, I could bleed in a pot And make a soup that'd go for 10 dollars a pop

[Immortal Technique:]

In la calle, a collision course with incarceration, consumed by the lies of the streets, they were an illusion but I awoke caged like an animal

[Verse 2: Pumpkinhead]

They got me locked in a cell where I'm feeling like an experiment My spirit sharper than lasers they used to build pyramids Writing on the walls keep me sane Knuckle push-ups on the concrete, till I bleed out the pain Thoughts of my freedom lingering in my brain I'm stronger and much quicker I appreciate the gain Building with my a-alike, brown power reunite Tattoos of my flag, PR pride Jesus Christ But I wouldn't wish this on my worst enemy So when I'm free I'll teach and spread the speech Of how they try to divide us (to make us weak) Find us (and break a piece) So I gotta (To make a peace) honest (I play for keeps) This is the life of your forefathers that fought hard Four corners of backyards, power in numbers So they subtract us and add bars If they want it, we gonna take 'em to war We not a gang or a clique, we Young Lords!

[Immortal Technique:]

I came to my senses, un esclavo no soy (I am not a slave), that is not my past, I came to know me and my people, red brown and black, helped me paint the future.

[Verse 3: CF]

The world got a template, to turn us into inmates caged in a state pen, Man, fuck going to penn state, Bonded to slave ships to punch in your timecard, Walk my oasis spacing jungle behind bars, Got my epiphany like Malcolm X, Prison to the bricks, but I'm stuck in this global house arrest, I'm a free man so I changed my mannerisms, This Greenspan system wanna dent my activism, Estilo machetero get my people out the ghetto, 21st century grito de alar estate quieto (stay calm), We vocal minorities, no pookie man trail, Guess the local authorities to be the Ho Chi Minh trail. From robbing bodegas and boosting like low-lives, The medium figures choking the four five, Revolutionary gangsters in your presence, Trying to dead us through cancer, through chemical testing!

[Immortal Technique:]

Unidos por fin! (Finally, united!) We seize the time, free at last, learn to love, live to fight, not just for me, but for others, teach the new blood, and live for freedom!

[Verse 4: Immortal Technique] I survived the COINTELPRO assassinations AIDS epidemic crack era fractured a nation The interpretation of American democracy Is best exemplified in its foreign policy dichotomy I live a double-life of political philosophy But revolution follows me, the struggle for equality Against the morally bankrupt, claiming to be born again It's a civil war again, like MS-13's origin Banned ethnic studies claiming our culture will swallow them But you can't conquer people and build a country on top of them And then feel offended that they breathe the same oxygen Your family values lack the wisdom of Solomon But Operation Condor and Operation Bootstrap Are Poli Sci 101 research for the New Jack It's hard to reach, Communist Utopia tomorrow When your hands are in a fucking glass jar like Che Guevara Forget the distorted historical facts you were given Slave trade was the capital for capitalism Trapped in a prison mentally, dying existentially Separated from people you can't see yourself to be Then racially integrated into a burning house Colony of an empire, economically burning out Can't win a debate, so they sponsor every threat to me I wonder if Agent 800 is standing next to me

In Puerto Rico, the main problem we have es que somos colonia (is that we are a colony) we are a colony, we are fighting for freedom, because we will not be a slave nation for [?] the struggle here is to make universities the

struggle here is in the community, it's against the police and violence, it's against discrimination, it's against the crime against humanity on this beautiful Caribbean Island, this is [?] Young lords, revolutionary always, from San Juan, Puerto Rico, Que viva Puerto Rico libre! (Long Live a free Puerto Rico!)

"Ultimas Palabras"

A new American revolution has begun,
Not against the forces of a colonial kingdom
But a rebellion against an oppressor that has risen among us,
It is not a foreign invasion we have to fear,

Rather the threat of a force within our nation

That has usurped what was once a dream of having the greatest democracy ever known to man,

We now live in a world where the population has grown exponentially,

And the planet is running out of resources to sustain us all,

We in the inner-city and those struggling in the suburban ghettos may not realize it yet,

But make no mistake,

The people who control the technology and run every enterprise that makes up our world, Have seen this coming for a long time,

The ideas of renewable energy,

Global warming,

The idea of collectively working,

Were purposefully bought out, derailed, demonized, or corrupted,

In favor of an economic structure designed by a monetary caste system,

In a desperate attempt to convince us that we need to maintain that extravagant existence,

They've pretended we might share in their dream,

That we can justify any inhumanity in its name,

Out of this blind ignorance was born the curse of slavery,

Many of the founders of this nation were themselves Masons,

That is not a Left wing or Right wing conspiracy theory,

It is a widely known and accepted fact,

So then explain to me how a nation founded by men,

Who not only understood the long and complicated history of Europe,

But also that of Africa.

Could permeate such a lie in convincing the American public,

That one race of men was superior and one inferior,

When in fact we know that all the early men,

The men who created civilization and every aspect of what we see today,

The foundation of all human life,

Were from Africa,

The greatest cowardice of course came not with slavery itself,

Unfortunately,

But with the excuses for slavery,

For if America had been as brave as the Roman Empire and all other empires that have come after her,

And claimed "No, we were just stronger and that's why we took you",

Then when slavery was over racism would've probably followed in suit,

But instead it was the social lie,

The religious lie that was told,

That stayed in the mind of people,

That seperated one human being from another.

In order to distract us from the issues of class and freedom.

They created issues around religion and race to dominate the world for centuries to come,

Some claim that they respect that they respect the culture of life in this country,

They cry out for indignity of children that are slaughtered before they are born,

But God has not penetrated their souls,

For they have no empathy,

Nothing in their cold hearts for the 100s of 1,000s of lives we have taken in our wars overseas,

For that which they call "collateral damage",

Which the are the burnt and damaged children of the world,

They have no prayers for them,

Only snide commentary on the internet and laughter in their hearts,

And yet you claim to be one with God,

Huh.

We talk about immigration in this country,

Might doesn't make right ladies and gentleman,

It just makes right now,

What we are saying to the rest of the world,

Is one day when America grows weak,

One day when her legions falter,

On the day when her economy crumbles,

China, Russia, Europe, whatever power has arisen,

All you have to do is come here and conquer us in a few military excursions,

And then you too can set up shop here,

And in 100 years you can tell every red-blooded American,

"No, you are an illegal human being,

I am the true citizen,

I have all the rights,

You have no rights",

Maybe you forgot how you got this country,

Maybe you take for granted the blood, the sweat, the tears,

That the people who live in practical serfdom shed everyday,

For we may not run America, but we make America run,

We talk about the Law,

Yet.

How many indignities have been legal in the past? How many treaties with Native Americans have we broken?

How many international laws have we violated?

And.

Speaking of laws,

How can a corporation be regulated by a government that is funded and controlled by corporations? How can there be accountability,

For people who see a profit margin above the lives of Americans?

Above the lives of human beings in other countries?

We have taken the soul out ourselves and placed them inside machines,

My words of course,

Will be marginalized, demonized,

In typical fashion,

Anytime you dare to question the power structure they say you hate America,

No, I love this country,

I see its beauty everyday in its people,

And I love it a lot more than those who have abandoned the American worker,

That have chose to exploit and try to take away benefit she has,

Those that attempt to make excuses for every atrocity committed,

In the name of supposed freedom,

Those who demand accountability from everyone,

But offer none themselves.

Who favor contracts over lives,

Who favor invasion and control over organic democracy overseas,

The greatest flaw that any intelligent person has is to think they're smarter than everyone else, And so the government has planted its spies amongst us,

We have planted our spies among them,
They have infiltrated every branch of the American government,
They have retrieved names, data, hard numbers,
The paper trail that will expose those that truly control this country,
Those that control the political parties,
Those that control the oil industry,
The energy,

Those that stand behind the companies faceless, Whose names have never been revealed, Until tod.. [GUNSHOT]

"Sign Of The Times"

(feat. Cetan Wanbli, Lockjaw Nakai, Cornel West)

Imagine the word of god without religious groupies
Imagine a savior born in a Mexican hoopty
Persecuted a single mother in a modern manger
You crucify him again like a fucking stranger
Tears of the anger are worth more than diamonds or rubies
Imagine being locked up since juvi

Imagine changing your life and still going out like tookie Imagine niggas talking shit when they never knew me

Imagine a movie that depicted the pain in your life like the kids in Afghanistan chasing a kite

For most of the world that's what it's like

Imagine if the woman your suppose to love for the rest of your life is set to marry someone else at the end of the night

They say you fight the greatest jihad in your heart and your mind and fight the hardest when you start from behind

So I dreamed the impossible all the time

Fuck a masonic design America's future is mine repeat that to yourself cause if cultures a crime the numbers tatted on your arm aren't too far behind

It can only conquer you after they murdered your mind

So rise up motherfucker like the sign of the times

I feel my body weakening but my spirit is fine

Ready to go to war with devils at the drop of a dime and

Fight with my rebel army until the stars are aligned

Nostradamus was a white man's prophet who predicated European supremacist logic Because the pilgrims and conquistadors columns killed more innocent people than Hitler and Stalin (Yes)

I guess the fortune teller skipped an Antichrist or two

Brother give this to the OG's doing life with you and

Pray for the problems with the popes psychology so the Vatican will offer an apology, (for what?!)

for destroying the peoples liberation theology

Snatching the spirit of Jesus from people in poverty

Business decisions like keeping people in prisons but had the opposite effect incarcerating religion That type of crooked politics imposed on a populous is obvious if you read the Northwood documents

Forget the compliments for what I recorded

And live the revolution instead of always dying for it

Remember a bullet can never stop me

My legions are led by the spirit Haile Selassie watch me

Even if I'm shot in the shakra I will prosper

Doppler effect bumping music out a helicopter

Tellin the Persians there comes the rasta

And tell them I came back as the son of the Ahura Mazda

Fish out the Philistine dagon from the shores of Gaza

And call Quetzalcoatl flying over La Raza

This is a message to the older gods I'll sacrifice you all to the revolution like the Romanovs

Lost in the desert like the Hebrews of Israel

The blood clot system try to kill me like sickle cell

But I survived and alive to fight another day cocooned in a coma

I can still hear my mother pray

Sister crying out to god please let my brother stay Walking towards the light but somethings pulling me the other way

Thanks to Joey for correcting these lyrics.
